#### A. Purpose and Policy

The parties hereto declare their joint purpose and policy to continue an organized, planned system of apprenticeship, conducted as a joint labor and management departmental undertaking. ### 9.05 Letters of Instruction/Work Improvement Discussions

- A. LOIs/WIDs shall contain a specified expiration date, not to exceed one (1) year from the date that management should have reasonably known of the incident resulting in the LOI/WID. A LOI/WID should be removed from all of the employee's files prior to its expiration date, provided that all requirements contained in the LOI/WID have been met. Upon the employee's request to the Appointing Authority or his/her designee, the LOI/WID shall be removed and given to the employee unless he/she requests that it be destroyed.
- B. LOIs/WIDs shall be issued in a timely fashion, generally within thirty (30) days from when the incident occurred or from date of discovery of the incident that forms the basis for the LOI/WID. Unless special circumstances exist, LOIs/WIDs should not be written if the knowledge of the incident is more than thirty (30) days old.
- C. In cases where departmental staff are investigating an employee in a situation in which adverse action potentially may follow, and the decision is made to give the employee an LOI/WID, the LOI/WID shall be issued in a timely fashion, generally within thirty (30) days from the decision to give the employee an LOI. This will not prevent the parties from negotiating a formal adverse action down to an LOI/WID.
- D. The parties agree that LOIs/WIDs (or similar documents regardless of title as discussed in subsection E below) are instructional and intended to improve job performance. Accordingly, LOIs/WIDs shall not be cited as charges in any adverse action. They may be used as supporting evidence by the State in a later disciplinary case, if the expiration date has not yet occurred, in order to show that the State has put the employee on notice about what is expected in the future.

The LOI/WID (or similar document) may only be cited in or submitted as support for a subsequent adverse action to prove the employee knew about a law, rule, policy or employer expectation. The document shall not be cited in a subsequent Notice of Adverse Action or admitted into evidence to prove prior misconduct (or a pattern of misconduct) leading to the adverse action.
- E. This provision shall not be circumvented by calling the document by another title such as: Letter of Informal Discussion, Report of Counseling, Letters of Contact, or Expectations of Work Performance memos. Such "minor" corrective memos are to be placed in the employee's supervisory file, but not in the employee's personnel file.
- F. The employee shall have the right to submit a rebuttal to any LOI/WID, or any such comment referred to in subsection E. above. This rebuttal shall be attached to and shall accompany the LOI/WID.
- G. Disputes concerning this section are adjudicated under the mini-arb section. However, a violation of Section D above is arbitrable under sections 6.11 and 6.12 and 6.11 C in particular. ### **9.07 Out-of-Classification Assignments**

- A. Notwithstanding Government Code Sections 905.2, 19818.8, an employee may be required to perform work other than that described in the specification for his/her classification for up to one hundred twenty (120) consecutive calendar days during a fiscal year.
- B. Out-of-Class When Required  

If a department head or designee requires an employee, in writing, to work in a higher classification for more than fifteen (15) calendar days, the employee shall receive a pay differential of five percent (5%) over his/her normal daily rate of the class to which he/she is appointed for that period in excess of fifteen (15) calendar days. If a department head or designee requires, in writing, an employee to work in a higher classification for thirty (30) consecutive calendar days or more, the employee shall receive a pay differential of five percent (5%) over his/her normal daily rate of the class to which he/she is appointed from the first day of the assignment. If the assignment to a higher classification is not terminated before it exceeds one hundred twenty (120) consecutive calendar days, the employee shall be entitled to receive the difference between his/her salary and the salary of the higher class at the same step the employee would receive if the employee were to be promoted to that class, for that period in excess of one hundred twenty (120) consecutive calendar days. The five percent (5%) differential shall not be considered as part of the base pay in computing the promotional step in the higher class.
- C. Should any employee file suit against CCPOA seeking to declare this provision illegal, the State shall indemnify for any costs incurred in defending itself.
- D. The State shall not rotate employees in and out of out-of-class assignments for the purpose of avoiding payment of an out-of-class differential.
- E. It is not the State's intent to select employees for out-of-class assignments based on favoritism.
- F. If any dispute arises about this out-of-class section (subsections A. through G.) an employee may file a grievance and arbitrate the grievance utilizing the mini-arb process described in Article VI.

- G. It is not the intent of either party to circumvent any certified hiring or promotional list, or the Merit System in general. Furthermore, whenever possible, the Appointing Authority shall choose employees for out-of-class appointments from the current hiring list for the particular job classification for which the employee is to be hired on an acting basis. If there is no appropriate current hiring list at the local facility or office complex, the State shall assign the out-of-class duty only to those employees who are qualified to take the examination for entry into that classification. Permanent employees who vacate positions to accept out-of-class assignments shall have a mandatory right of return to their former position and assignment, when possible, upon the conclusion of the out-of-class work.

### 9.09 Personnel Investigations

- A. An employee who is under investigation for an action or incident which is likely to result in formal adverse action shall be normally notified, at least twenty-four (24) hours prior to the investigative interview, simultaneously, in writing, of both the subject matter and his/her right to representation prior to any interrogation, fact-finding, investigatory interview, or shooting review board, or similarly-purposed discussion which has the potential of obtaining information which, if found to be true, could or is likely to result in formal adverse action. The employee will be given a reasonable opportunity to secure the representative of his/her choice.
- B. If an employee is called to an investigatory interview and the employee reasonably believes the subject matter of the investigation is such that the employee could possibly receive discipline, the employee, at his or her request, shall be given a reasonable opportunity to secure a representative of his/her choice.
- C. The employee will be provided with a copy of all documents and/or other investigatory material in accordance with the Public Safety Officers Procedural Bill of Rights (POBR) and any current or subsequent court decisions which impact or alter Government Code Section 3300, et seq.
- D. Whenever a ward/inmate/parolee/patient files or submits a grievance, a 602 ("Inmate Appeal"), any written complaint, or verbal complaint which is later reduced to writing by either the inmate or the State, which, if found true, could result in adverse action against the employee or contain a threat against the employee, the Department agrees to immediately notice the employee of said filing. The State agrees to provide the affected employee a copy of said document if the employee so requests. This is not intended to preclude the informal level response procedure in the current [CDC- Adult](#) Operations Manual. Upon the employee's request, a copy of the outcome of the ward/inmate/parolee/patient's complaint shall be provided, if the complaint has progressed beyond the informal stage. The Employer and CCPOA agree that all video tapes, audio tapes or any other kind of memorialization of an inmate/ward/parolee/patient statement or complaint shall be treated as writing within the meaning of this subsection. The tapes or "writings" shall be turned over, regardless of whether the complaint/statement is deemed "inmate/ward/parolee/patient initiated" or not.
- E. However, whenever the Department is conducting an investigation which necessitates surveillance, obtaining a search warrant, undercover operations, or a "sting," the employer need not inform the employee of the written complaint until the investigation is completed.

- F. The State agrees that any Unit 6 member under investigation shall be granted an opportunity to view the cell extraction videotape with his/her representative prior to the related investigatory interview. Management can have a representative present at the viewing to ensure the integrity of the tape, but the management's representative shall not be so close as to intrude in a private communication.
- G. The Departments acknowledge their obligation to complete all Unit 6 personnel investigations within twelve (12) months under the terms and exceptions of Government Code Sections 3304 and 3309.5 inclusive. This subsection 9.09 G ~~F~~. is not arbitrable. The employee may, however, at any time utilize whatever remedies may be available under POBR.
- H. <sup>1</sup>Employees ordered to attend an investigatory interview by [CDC/CYA Adult/DJJ](#) shall be informed in one (1) written document of: (1) the subject matter (scope) of the investigation, (2) whether the employee is deemed a witness or a subject of the investigation, (3) whether the investigation is for purposes of administrative discipline or is considered a criminal investigation, and (4) his/her right to representation. If the employee is designated a witness, the notice shall allow a reasonable amount of time for the employee to obtain a representative. In criminal investigations, the representative will be an attorney or a member of the legal staff of CCPOA working under the direction and supervision of an attorney and the notice will allow a reasonable amount of time for the representative to travel to the location of the interview. If the employee is designated a subject of the investigation, the employee will be given at least twenty-four (24) hours advance notice of the investigatory interview.
- I. If [CDC/CYA Adult/DJJ](#) decides to immunize a witness in an administrative or criminal investigation, the immunization shall be accomplished by reading into the tape recording, the administrative or criminal witness admonishment form provided in Appendix Item ~~#17~~ #9. The employee shall be given a copy of the signed form at the conclusion of the interview.

The date of service is either the date of personal service or the date of the mailing of the notice. Neither a failure to afford a *Coleman* hearing nor the decision of the *Coleman* officer shall be subject to the grievance and arbitration procedure of the collective bargaining agreement.
- B. Requests for reinstatement after AWOL separation shall be handled solely through the grievance and arbitration procedure of the collective bargaining agreement, beginning at the third step.

If a request for reinstatement goes to arbitration, the arbitrator's authority shall be limited to deciding the following: (1) whether the employee has a satisfactory explanation for his/her absence; (2) whether the employee has a satisfactory explanation for failing to obtain leave; and (3) whether the employee is ready, willing, and able to return to work, and/or, if not, whether the employee has leave from his/her Appointing Authority to be absent.

The arbitrator may order reinstatement only if the employee establishes satisfactory reasons for the absence and the failure to obtain leave and if he/she is ready, willing, and able to return to work or has leave to be absent. If the employee is reinstated, back pay may be awarded.

### 9.13 Substance Abuse — Reasonable Suspicion Testing

The parties have met and conferred over the State's substance abuse policy set forth in Department of Personnel Administration (DPA) Rules 599.960 through 599.966 and hereby agree to the following:

A. General Policy. (Ref. DPA Rule 599.960)

The State and CCPOA agree that it is the purpose of its policy on substance abuse testing to help ensure that the State work place is free from the effects of drug and alcohol abuse, and to do so in a way that protects constitutional and statutory rights of employees. The provisions on substance abuse testing are not meant to be a limitation upon the use, nor replace, the State's Employee Assistance Program; nor are the provisions meant to be a limitation upon the State's ability to order a medical examination or take adverse action.

B. Reasonable Suspicion. (Ref. DPA Rule 599.962)

1. Information from an anonymous source or from an inmate/ward/parolee/patient source shall not be the sole criterion for determining reasonable suspicion. Anonymous information or inmate/ward/parolee/patient-originated information must be supported or corroborated by the Appointing Authority and his or her designee in order to order reasonable suspicion testing.
2. For purposes of determining reasonable suspicion, the Department of Corrections, and Rehabilitation Youth Authority, and Mental Health will make every effort to consult with an on-duty medical staff person authorized by the Department, when available on duty at the worksite. However, the decision to order a substance abuse test shall remain with the Appointing Authority or designee.
3. The State agrees to ~~develop~~ maintain a training program for its supervisors and designees in the administration of its substance abuse policy. This training shall include a section on recognizing symptoms of substance abuse, and other factors which may constitute reasonable suspicion.
4. The facts and circumstances upon which the reasonable suspicion is based, shall be given to the employee at least orally at the time the employee is directed to submit to a substance abuse test, and shall be made available in writing within twenty-four (24) hours. These facts and circumstances shall be documented on the Reasonable Suspicion Checklist (CDCR Form 1874) ~~a form to be developed by the State~~. Such documentation shall include observations of the relevant on-

duty medical person specified in B.2. above. The oral conversation may be taped by either the State or the employee.

C. Testing Procedures and Standards. (Ref. DPA Rule 599.963)

1. If the Appointing Authority receives DPA approval to test for the improper use of a substance not listed in the statewide policy, it will inform the employee of its intent to test for that substance prior to the actual sample analysis.
2. The sample collected under a substance abuse test will not be used to test for any other medical condition such as pregnancy, sexually transmitted diseases, or other diseases such as diabetes. However, the sample could be used to match such sample with subject.
3. Substances to be tested for shall include the following, using established procedures specified by the Substance Abuse and Mental Health Services Administration (SAMHSA): (Levels in effect July 1, 1999.)

<u>Substance</u>	<u>Screening Test Concentration Level</u>	<u>Confirmatory Test Concentration Level</u>
Amphetamines	1000 nanograms per milliliter	500 nanograms per milliliter
Methamphetamines	1000 nanograms per milliliter	500 nanograms per milliliter
Cannabinoids	50 nanograms per milliliter	15 nanograms per milliliter
Cocaine (Benzoyllecgonine)	300 nanograms per milliliter	150 nanograms per milliliter
Opiates	2000 nanograms per milliliter	<del>2000</del> 300 nanograms per milliliter
Phencyclidine (PCP)	25 nanograms per milliliter	25 nanograms per milliliter
Benzodiazepines	300 nanograms per milliliter	300 nanograms per milliliter
Methaqualone	300 nanograms per milliliter	<del>200</del> 750 nanograms per milliliter
Barbiturates	300 nanograms per milliliter as secobarbital	200 nanograms per milliliter

Alcohol

~~.02%-.04% weight/  
volume~~

.04% weight/  
volume

The present cut-offs shown for the first six (6) substances are those established by the SAMHSA. There are no SAMHSA cut-offs for the remaining substances. The State will use the test cut-off levels established by SAMHSA for identifying positive test samples. Where SAMHSA does not establish cut-off levels for a substance, the State will notice CCPOA of the cut-off level to be used. Should the State desire to change the cut-off levels based on changes to SAMHSA or other standards, the State will notice CCPOA and meet to discuss the changes.

Results for alcohol will be confirmed at collection sites with the equipment for breath sample testing using an evidential breath testing device which meets the standards specified in the federal regulation 49 CFR Part 40 and is an approved device on the federal conforming products list.

4. The State agrees that the procedures for collecting the sample should be done in a professional manner with due regard to the employee's privacy and confidentiality, consistent with the State's need to ensure a true sample is taken. The State will follow SAMHSA guidelines in establishing these procedures. (See *Appendix Item #3 for a list of SAMHSA Privacy Procedures for collecting urine specimens.*)
5. The State shall maintain and follow a secure chain of custody to ensure true samples are taken. In establishing this chain of custody, the State will take the SAMHSA guidelines into consideration as well as recommendations of the laboratories selected to do the testing. The State agrees to meet with CCPOA to review the chain of custody procedures, and consider CCPOA recommendations once the laboratories have been selected. Once the chain of custody procedures have been finalized, they shall be provided to CCPOA in writing.
6. Consistent with Section 599.964(d), the testing laboratory will be informed of its obligation to preserve a sufficient portion of the sample to be independently tested by the employee.
7. If the State intends to rely on a positive test result to initiate adverse action, it shall notify the laboratory that all portions of the sample including any portion reserved for the employee should be retained pending completion of any appeal procedures.
8. Copies of the test results and chain-of-custody documents shall be provided within three (3) work days of receipt of the documented results by management.
9. CCPOA may submit a list of commercial laboratories for the State to consider in developing its "bid package" for testing services. Such submissions must meet standards used by SAMHSA, the College of American Pathologists, or other comparable standards to accredit laboratories for forensic urine testing. Such submissions shall in no way obligate the State to select such laboratories to perform testing services.

10. The State shall use the commercial laboratories selected or otherwise approved by DPA. CCPOA shall be notified of the laboratory selected to perform the testing changes.

D. Employee Rights. (Ref. DPA Rule 599.964)

1. In addition to the rights specified in DPA Rule 599.964, employees shall be entitled to representation during the sample collection process. A representative shall in no way interfere with the sample collection process. CCPOA will provide timely representation upon request.
2. ~~DPA Rules 599.960 through 599.966 and this supplement shall be mailed to current employees at the time of final implementation. These rules shall also be made available upon request, but such request shall not be deemed to require a delay in the testing process. They will be provided to new hires within the first three (3) weeks at the Academy or the first week of employment at the work location, whichever is first.~~
3. For purposes of requiring an employee to submit to periodic testing as a condition of remaining or returning to State employment (refer to paragraph c. of ~~State's proposed~~ DPA Rule 599.960), the State agrees to develop guidelines for "return to work agreements" which specify the conditions under which an employee may remain in his or her employment. Conditions appropriate for return to work guidelines include but are not limited to:
  - a. Periodic testing for substance abuse during the period of the return to work agreement, during which the employee must test negative at all times;
  - b. Reasonable suspicion testing for substance abuse during the return to work agreement under the terms of the general policy;
  - c. Requirement that the employee participate in a substance abuse rehabilitation program at the employee's expense;
  - d. Termination of the employee if its conditions are violated.

Placing an employee on such "Return to Work Agreement" shall not preclude adverse action short of termination. (See DPA Rules 599.960 – 599.966 Appendix Item #6 and Sideletter #3)
4. Should an employee be found to have tested positive for a substance, and adverse action is taken against said employee, his/her appeal and remedies should be through SPB appeal process and not through the grievance arbitration sections of the MOU.
5. Persons who do not test positive shall not have any record of the test placed in his/her official personnel file, unless the employee so requests, and may file a complaint over the administration of the test.

E. Expedited Grievance Process for Addressing Issues Related to Section 9.13.

1. An aggrieved employee or the Union has ten (10) work days from the date of the administration of a drug test on an employee, or ten (10) days from the date of discovery of an alleged procedural non-conformance, to file an expedited grievance alleging procedural non-conformance.
2. The expedited grievance shall be filed at the departmental level. The State shall have ten (10) work days to respond.

Prior to responding, and within the ten (10) work days, a grievance conference shall be held if requested by the State or CCPOA.

3. If the grievant is not satisfied with the departmental decision, the grievant may appeal the decision within five (5) work days after receipt of the decision, to DPA. This level shall be considered the final step in this expedited grievance process, and constitutes an exhaustion of the administrative remedies available to Bargaining Unit 6 employees and CCPOA pertaining to Section 9.13. This shall not preclude an appellant who is subsequently subject to adverse action because of violation of DPA Rules 599.960 to 599.966 to raise any issues regarding procedural non-compliance with Section 9.13 or DPA Rules 599.960 to 599.966 before the SPB. It is clearly understood that Section 9.13 and DPA Rules 599.960 to 599.966 are not arbitrational, and constitutes an exhaustion of administrative remedies unless the issue is raised before the SPB in an adverse action appeal.

### 9.14 Random Substance Testing Program

#### A. Authority and Purpose

1. It is the intent of the State and the Union to maintain a drug and alcohol free workplace. This objective is accomplished through education, employee assistance, reasonable suspicion and random drug and alcohol testing, and discipline. Consistent with a Peace Officer's sworn oath to uphold the laws of the State of California, each Bargaining Unit 6 Peace Officer employee shall not illegally use or be impaired from the use of a drug designated in subsection B.1.a.(1) through (8), or be impaired by the use of alcohol while on the job.
2. To maintain a workplace free from the negative effects of drug and alcohol use, the parties agree that effective April 15, 1998 all newly hired Bargaining Unit 6 employees and newly reinstated employees with a break in service of more than twelve (12) months, as defined in Section 12.01, will be subject to unannounced random drug and alcohol testing. Newly hired means when an employee is first appointed into a Bargaining Unit 6 classification.
3. It is expected that the CDCR CDC and CYA (the Departments) will begin testing managers and supervisors in calendar year 2000. Testing of rank and file will not be expanded until testing of managers and supervisors has been implemented.
4. Testing of additional rank and file employees will only begin after reaching agreement with the Union on a procedure to test these rank and file employees. Negotiations on procedures to test these rank and file employees will commence six (6) months following testing of ~~ten~~ twenty percent (20%) of the managers and supervisors.
5. It is the expectation of the parties that the expansion of drug testing of the additional rank and file will begin during the second year of the contract.

#### B. Random Testing Process and Standards

1. The drug and alcohol testing process shall be one that is scientifically proven to be at least as accurate and valid as urinalysis using an immunoassay screening test, with all positive screening results being confirmed, utilizing gas chromatography/mass spectrometry before a sample is considered positive. The alcohol testing process shall be one that is scientifically proven to be at least as accurate and valid as ~~(4)~~

~~urinalysis using an enzymatic assay screening test, with all positive screening results being confirmed using gas chromatography before a sample is considered positive. or (2) a breath alcohol sample testing~~ using an evidential breath testing device which meets the standards specified in the federal regulation 49 CFR Part 40 and is an approved device on the federal conforming products list.

a. Substances to be tested for shall include the following, using established procedures specified by SAMHSA:

- (1) Amphetamines and Methamphetamines
- (2) Cocaine
- (3) Marijuana/Cannabinoids (THC)
- (4) Opiates (narcotics)
- (5) Phencyclidine (PCP)
- (6) Barbiturates
- (7) Benzodiazepines
- (8) Methaqualone
- (9) Alcohol

b. The State will use the test cut-off levels established by SAMHSA for identifying positive test samples.

2. Test samples will be collected in a clinical setting, such as a laboratory collection station, doctor's office, hospital or clinic, or in another setting approved by the State on the basis that it provides for at least an equally secure and professional collection process, with due regard for the employee's privacy and confidentiality. The State shall use SAMHSA chain of custody procedures to ensure that true samples are obtained.
3. The State shall use SAMHSA chain of custody procedures to ensure that a sample is maintained from the time it is taken, through the testing process, to its final disposition.
4. Substance tests shall be performed by a SAMHSA certified approved laboratory.
5. The State will use the Assistant formerly known as the Health Evaluation and Information system for Drug abuse in Industry (HEIDI) computer software to randomly select employees for testing. Approximately thirty-five percent (35%) of the Bargaining Unit 6 employees will be selected for drug and alcohol testing annually.

C. Employee Rights

1. Each employee subject to random testing shall be given a copy of an information packet explaining the employee's rights and the substance abuse procedures to be followed.
2. An employee suspected of violating this Article shall be entitled to representation during any interrogative interviews with the affected employee that could lead to a decision by the Appointing Authority to take adverse action against the employee. The employee shall also be entitled to representation in any discussions with the Medical Review Officer that occur under subsection D.
3. The sample collection process shall include the opportunity for the employee to provide information about factors other than illegal drug use, such as taking legally prescribed medication that could cause a positive test result. At the employee's option, this information may be submitted in a sealed envelope to be opened only by the Medical Review Officer if the test result is positive.
4. The employee shall receive a copy of any test results and related documentation of the testing process.
5. All confirmed positive urine samples shall be retained by the testing laboratory in secure frozen storage for one (1) year following the test or until the sample is no longer needed for appeal proceedings or litigation, whichever is longer. At the employee's request and expense, the urine sample may be retested by that laboratory or another laboratory of the employee's choice.

D. Medical Review Officer

1. The State shall designate one (1) or more Medical Review Officers, who shall be licensed physicians, to receive test results from the laboratory. Upon receiving results, the Medical Review Officer shall:
  - a. Review the results and determine if the standards and procedures required by this Article have been followed.
  - b. For positive results, interview the affected employee to determine if factors other than illegal drug use may have caused the result.
  - c. Consider any assertions by the affected employee of irregularities in the sample collection and testing process.
  - d. Based on the above, provide a written explanation of the test results to the Appointing Authority or his/her designee. The employee shall also receive a copy of this explanation.

E. Records, Confidentiality

1. The State shall maintain records of the results of any employee testing under this Article. These records, and any other information pertaining to an employee's drug or alcohol test, shall be considered confidential and shall be released only to:
  - a. The employee who was tested or other individuals designated in writing by that employee.
  - b. The Medical Review Officer.
  - c. DPA as needed, for the effective administration of the Article.
  - d. Individuals who need the records or information to:
    - (1) Determine, or assist in determining, what action the Appointing Authority should take in response to the test results.
    - (2) Respond to appeals or litigation arising from the drug test or related actions.

- F. If Section 5.02 applies to this section, then the provisions of Section 5.02 shall apply or the parties may renegotiate minor discipline.

### 9.16 Court and Scope Protection – Defense in Civil and Criminal Actions

#### A. Civil Actions

1. This section is not designed to change the substantive rights and responsibilities of either the State employer or an affected correctional employee. Rather, it is to provide an alternative quick and less expensive (as compared to going to court) process by which such rights and responsibilities are to be determined.
2. In any case where a bargaining unit member is sued civilly s/he may tender a defense of the action to the State employer, using procedures agreed upon by CCPOA and DPA applicable to all departmental employees within ninety (90) days of ratification.
3. This section will apply to all civil actions filed against Bargaining Unit 6 employees on or after the effective date of this MOU even if the events alleged occurred prior to this MOU section becoming effective. If the State employer refuses the tender of defense, then:
  - a. The State employer shall give to the employee a written, detailed statement explaining the reasons for the decline of the tender;
  - b. Said reasons shall comply with Government Code section 995 et seq with regard to the rights and responsibilities of both the State employer and the correctional employee (bargaining unit member);
  - c. If CCPOA believes that the tender of defense violates the rights of the employee under Government Code section 995 et seq. (and section 995.2 in particular), then CCPOA and CCPOA alone shall have the right to grieve the propriety of the refusal of the tender of defense. Moreover, because time is of the essence, the parties agree that any dispute concerning the interpretation or application of this section shall be resolved through Section 6.11 and Section 6.12 (e.g., 6.12(c)) provided the employee first executes a waiver of any and all rights to challenge the denial of representation in some other forum, including a court of competent jurisdiction. The grievant (CCPOA) and employer will have the right to present testimony, statements and documents in support of their respective positions in accordance with the following:
    - (1) All parties shall have the right to subpoena witnesses and documents, and may assert any and all privileges. Additionally, the adjudicator shall refuse to issue or quash any subpoena upon a demonstration that the production of the witness or document creates an undue burden or significantly interferes with the ability to prepare for or defend against an underlying civil action.

- (2) If the adjudicator refuses to issue or quashes a subpoena based on a demonstration as discussed in subparagraph a above, the employee shall be permitted to either proceed pursuant to Section 6.11 and 6.12 notwithstanding the adjudicator's ruling, or elect to challenge the denial of representation by proceeding directly to court under Government Code section 996 et seq. If the employee proceeds pursuant to Sections 6.11 and 6.12 despite the adjudicator's ruling, the employee does not prevail, then nothing in this section shall be construed to prevent the employee from challenging the denial of representation just as if Sections 6.11 and 6.12 were never invoked.
- (3) Where the events leading to the denial of representation give rise to both criminal and civil liability, and a prosecuting agency makes a written request to the State, the following shall occur:
  - (a) The Section 6.11 and 6.12 provisions of this section shall be stayed; and, the employee and State shall jointly move the court in which the civil action is venued to stay its proceedings until the criminal matter is concluded.
  - (b) In the unlikely event that the civil court does not stay proceedings pending completion of the criminal matter, then CCPOA shall have the option of proceeding pursuant to Section 6.11 and 6.12. CCPOA shall provide the State with a list of witnesses and documents requiring a subpoena because they are not available voluntarily or through some other means of discovery. The adjudicator may issue a subpoena for said witnesses and documents unless a written objection is presented by a prosecuting authority in which case the subpoena shall not issue. CCPOA may then elect to proceed pursuant to Section 6.11 and 6.12 or proceed with other remedies.
- (4) Any decision rendered pursuant to this section shall be in accordance with substantive law on the subject of the tender of defense by State employees, including but not limited to Government Code section 995 et seq. and cases interpreting same.

B. Criminal Actions

- 1. By written request to the Director, an employee may request legal representation from the Department in a criminal matter brought against the employee, as a result of an alleged act or omission arising out of the employee's employment. This section covers all criminal charges filed against Unit 6 employees, on or after October 1, 2001, even if the events underlying the charges occurred prior to the ratification of the MOU.

2. If an employee requesting legal representation in a criminal matter brought on account of an alleged act or omission arising out of the employee's employment for which the employee has been cleared by any departmental investigation or review, the Department will provide the employee with legal representation in the criminal action unless and until the Department obtains information which it contends supports one of the conditions of withdrawal of defense under Government Code section 995.2.
3. The employee and his attorney will be provided with the detailed reasons for the Department's denial or withdrawal of the request for representation. Neither the denial nor the withdrawal shall be subject to the grievance and arbitration procedure. However, in the event that the Department denies the employee representation in a criminal matter (whether the Department has cleared the employee or not) arising out of the course and scope of employment, and the employee is subsequently acquitted of all charges, or the charges are dropped or dismissed by a Court in their entirety without the employee suffering any sentence, penalty, fine service or diversion, the Department shall reimburse the employee for all reasonable attorneys' fees and costs incurred in defense of the criminal matter

The hours of paid employment in excess of one hundred sixty (160) hours in a monthly pay period shall not be counted or accumulated.

Notwithstanding any other section of this MOU, an Intermittent Employee shall only be permitted to use sick leave credits for approved sick leave which ~~(a) occurs during periods when they are pre-scheduled to work; or (b) coincides with a day that an employee on a rotational list is contacted to work. "Contacts" for work require that the employer initiate the exchange, and the exchange was "human-to-human" between a supervisor and the employee. as referenced in 26.01 C. 4.~~

#### 4. **Multiple Positions (Under This Rule):**

- a. An employee holding a position in addition to other full-time employment with the State shall not receive credit for sick leave with pay for service in the additional position.
- b. Where an employee holds two (2) or more less than full-time positions, the time worked in each position shall be combined for purposes of computing credits for sick leave with pay, but such credits shall not exceed full-time employment credit.

#### B. Sick Leave Use

1. Approved sick leave means the necessary absence from duty of an employee because of:
  - a. Illness or injury.

- b. Illness or complications due to a pregnancy which prevent an employee from working.
  - c. Exposure to a contagious disease which is determined by a physician to require absence from work.
  - d. Dental, eye, and other physical or medical examination or treatment by a licensed practitioner.
  - e. Required attendance upon the employee's ill or injured mother, mother-in-law, father, father-in-law, wife, husband, daughter, son, sister, brother, or any person residing in the immediate household. Such absence shall be limited by the department head or designee to the time reasonably required for such care.
2. The employee is responsible to give the Department reasonable advance notice for the reasons cited in B.1. Employees are strongly urged to give at least two (2) hours advance notice prior to the start of the employee's duty shift, but under normal circumstances, reasonable advance notice will be considered one (1) hour. Should the employee be sick the night before his/her shift, and is reasonably certain he/she will not be able to go to work the following day, said employee must call in sick at the earliest possible time. The employee will personally contact the designated supervisor at the institution, camp, facility, or parole region to request sick leave usage.
3. The department head or designee shall approve use of sick leave credits only after having ascertained that the absence was for an authorized reason. If disapproved, the department head or designee must specifically state in writing the reason(s) for the disapproval.
- a. CDC Adult: The employee is responsible for submitting an accurate CDC 998A form to the designated supervisor on or before the third working day of the pay period following the pay period in which the sick leave was taken. An employee who fails to submit a CDC 998A by the third (3rd) working day will be notified in writing, advising the employee that he/she has fifteen (15) calendar days to submit the approved/disapproved CDC 998A to the Personnel Office. Employees who fail to submit the CDC 998A form within the fifteen (15) days shall be docked for their absence(s) and an accounts receivable date will be established. In the case of long-term sick leave absence, the employee is responsible for submitting the CDC 998A form to the designated supervisor pursuant to the 998A Agreement (see Sideletter #4). The designated supervisor will provide the employee with a copy of the approved/disapproved CDC 998A form at the time of submission.

- b. ~~CYA DJJ:~~ The employee is responsible for submitting an STD 634 form to the designated supervisor ~~on the day of return to work or before the third working day of the pay period following the pay period in which the sick leave was taken as soon as possible after return to work.~~ In case of long-term sick leave absence, the employee is responsible for submitting the STD 634 form to the designated supervisor no later than the end of the pay period. ~~or as soon as possible after return to work.~~ The designated supervisor will provide the employee with a copy of the approved/disapproved STD 634 form at the time of submission.
- 4. An employee will receive a pay dock for approved sick leave time if the employee had no sick leave or other credits. If the employee has insufficient accrued sick leave credits, but has other leave credits the employee ~~shall~~ may be allowed to use those credits to cover the approved sick leave time.
- 5. Sick leave may be taken in fifteen (15) minute increments.

C. Sick Leave Verification

- 1. An acceptable "medical verification" for sick leave use is a document signed by a United States Licensed Physician, nurse practitioner, or other health care specialist/professional, competent within their scope of practice to make a medical evaluation on the employee's alleged/stated illness, injury or medical incapacity, and such person is making the evaluation while on duty in his/her respective employment relationship within a health care facility or medical practice. Unless requested at the time of approval, pre-scheduled and approved medical/dental appointments/treatments do not require medical verification.
- 2. Medical verification may also be required but only if required in advance, ~~in the following kinds of circumstances:~~

At the time the sick call is received, medical verification may be requested in circumstances including but not limited to:

- a. An employee is unable to personally make the sick leave request to the designated supervisor.
- b. The sick leave requested falls on a date which the employee previously requested a form of leave covered by this MOU but was denied.
- c. An employee is sick for three (3) or more consecutive days.
- d. ~~Medical verification is always required~~ If an employee calls in sick on Thanksgiving Day, Christmas Day, or New Years Eve.
- 3. When a medical verification is required, the medical verification must provide the following information:

- a. The date the employee or the employee's family member is examined by a licensed physician or other health care specialist/professional;
  - b. The expected length of the employee's absence and his/her expected return to duty;
  - c. Whether ~~If~~ the employee is medically able to return to work; and
  - d. The list of restrictions (if any) including, if applicable, any impairment to the employee's ability to perform the duties of his or her classification due to medication or treatment.
4. The Appointing Authority designee will ensure the medical clearance verification is consistent with the employee's responsibility to perform all duties of his/her class. If the medical clearance verification is not consistent with the employee's responsibility to perform all duties of his/her class, the Appointing Authority designee shall inform the appropriate management personnel of the employee's condition and duty limitations.
5. An employee shall not be ~~requested~~ obligated to provide a medical verification after the fact. For example, if an employee calls in sick on the fifteenth (15th) of the month and a medical verification is not requested and then calls in sick on the sixteenth (16th) of the month and a medical verification is requested, the medical verification would be for the sixteenth (16th) only. This does not prohibit the Department from pursuing other administrative review or remedies if abuse is suspected.
6. If a returning employee is required to present medical clearance verification to the Appointing Authority designee, and the returning employee has a valid medical clearance verification from his/her physician allowing said employee to return to work and, with reasonable notice by the employee or upon institution order, the employee presents him/herself for medical clearance during normal business hours, Monday through Friday, the employee shall be allowed to return to paid status, but not use leave credits. If the employee does not have valid medical clearance verification from his/her physician allowing said employee to return to work and present him/herself for medical clearance by the Appointing Authority designee during normal business hours, Monday through Friday, the employee shall either continue on sick leave status or management approved leave credits until such time as clarifying medical documentation is obtained from the physician releasing the employee to work.
7. All medical information provided to the State shall be considered confidential. Under no circumstances will an employee be required to disclose the medical cause or nature of his or her, or his or her family member's, illness or injury to the State for sick leave approval.

- D. Employees shall not be denied the right to use sick leave or be ~~subject to any type of corrective or disciplinary action, or in any manner~~ discriminated against for using or attempting to exercise their right to use sick leave. ~~based solely on the amount or frequency of use.~~
- E. All other State laws, and DPA ~~rules and departmental policies~~ regarding sick leave shall remain in effect.
- F. Denial of sick leave shall not be appealed beyond Step 4 of the grievance procedure. The arbitrator may not rule on the adequacy or inadequacy of the medical verification provided.
- G. All provisions of this section shall apply unless they are in conflict with FMLA, CFRA, EIDL, IDL, ADA or catastrophic illness/injury.

### **10.03 Enhanced Industrial Disability Leave (EIDL)**

- A. An employee who loses the ability to work for more than twenty-two (22) work days as the result of an injury incurred in the official performance of his/her duties may be eligible for a financial augmentation to the existing industrial disability leave benefits. Such injury must have been: (1) directly and specifically caused by an assault by an inmate, patient, ward, or parolee, (2) by a domestic animal while the employee is performing in the line of duty, (3) a "criminal act of violence" against a peace officer who was performing in the line of duty. For purposes of this Article, "criminal act of violence" means an act which would constitute a misdemeanor or felony if pursued to conviction; (4) must have been directly and specifically caused in the course of responding to, returning from or fighting an active fire as defined in PRC 4103, 4104, 4170, and 4170.5. EIDL granted under this section must meet the criteria of direct or indirect physical contact with a combative or resistive inmate, patient, ward or parolee. The director of a department may make a determination in special circumstances related to extraordinary hazardous duty. Upon the request of an employee and/ or the Union, the Department Director shall review any incident where an employee suffers an injury and will make a determination regarding the application of this section.
- B. The EIDL benefit will be equivalent to the injured employee's net take home salary on the date of occurrence of the injury or the date that the employee is placed on EIDL, whichever is later. EIDL eligibility and benefits may continue for no longer than one (1) year. For the purposes of this section, "net salary" is defined as the amount of salary received after federal income tax, State income tax and the employee's retirement contribution has been deducted from the employee's gross salary.
- C. EIDL will apply only to serious physical injuries and any complications directly related medically and attributable to the assault or fire, as determined by the Department Director or designee. This benefit shall not be applied to either presumptive, stress-related disabilities, or physical disability having mental origin.
- D. The final decision as to whether an employee is eligible for, or continues to be eligible for, EIDL shall rest with the Department Director or designee. The Department may periodically review the employee's condition by any means necessary to determine an employee's continued eligibility for EIDL.
- E. Other existing rules regarding the administration of IDL will be followed in the administration of EIDL.
- F. This section relating to EIDL will not be subject to the arbitration procedure of this MOU.
- G. In circumstances that deviate from paragraph A. and C., the Director may consider and grant EIDL on a case-by-case basis when he/she determines the injury was in fact job-related.

- H. A PIE who otherwise meets the EIDL criteria contained in this section of the MOU, but who has less than one thousand (1,000) hours of State service credit toward retirement will be eligible for a monthly EIDL benefit either:
1. Equivalent to the average number of monthly hours worked in the previous twelve (12) months preceding the qualifying injury, or
  2. If the employee has not worked twelve (12) months, the equivalent to the average monthly number of hours worked in the months preceding the injury.
- In no case shall the benefit be less than eighty-four (84) hours.
- In no case shall the benefit exceed one thousand five hundred (1,500) hours in a twelve (12) month period in combination with hours worked and the EIDL benefits paid.
- This paragraph only applies to injuries that qualify for EIDL and not IDL. IDL or EIDL benefits currently available to PIEs with one thousand (1,000) hours of State service credit are not intended to be affected by this paragraph.
- I. EIDL benefits may be extended beyond the one (1) year cap, at the Director's discretion, in those instances where the injuries are the result of being burned, shot, stabbed or hit with a deadly weapon, and where the Director finds that rehabilitation back to the job is possible if the EIDL is extended. In no event can the EIDL benefit be extended beyond three (3) years.

### 10.17 Absences for Duty in the Uniformed Services

- A. **General:** The Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) which is found at Title 38 U.S. Code, Chapter 43, Sections 4301-4333 covers rights and obligations of employees who are absent while serving in the Uniformed Services and the obligations of their employers. (see appendix #7) For California State employees USERRA is supplemented by the California Government Code Sections 19770 through 19786. This section of the MOU serves as a summary of the relevant duties and obligations of both the employee's and employer under the law.
  - 1. Service in the Uniformed Services (military service) means the performance of duty in a Uniformed Service. The Uniformed Services consists of:
    - a. Army, Navy, Air Force, Marine Corps, or Coast Guard
    - b. Army, Navy, Air Force, Marine Corps, or Coast Guard Reserve
    - c. Army or Air National Guard
    - d. Commissioned Corps of the Public Health Service
    - e. Others as designated by the President in time of war or emergency.
  - 2. Duty in the Uniformed Services (military service) can be voluntary or involuntary and consists of the following:
    - a. Active duty (including initial or reoccurring training)
    - b. Inactive duty training
    - c. Absence from work for an examination to determine a person's fitness for any of the above types of duty.
- B. **ADVANCE NOTICE OF MILITARY SERVICE:** Unless prevented by "military necessity", or in cases where advance notice is unreasonable or impossible, the employee is required to provide the employer with advanced notice of all military service.
  - 1. Notice may either be written or oral. The notice may be provided either by the employee or by an appropriate officer of the branch of military service in which the employee will be serving.
  - 2. USERRA does not specify a minimum period of time for advanced notice. Employees are expected to make a good faith effort to notify their employer when they are notified or volunteer for military service.
- C. **LEAVE FOR MILITARY SERVICE:** Once an employee has been scheduled for military service the Department is required to approve leave for the employee to complete their service commitment.
  - 1. Employees are allowed, but not required, to use accrued leave credits (other than sick leave) to complete their military service commitment. Employees may, at their discretion, elect to take a leave without pay while performing military service.

2. The employee must actually attend and complete the military service on the scheduled dates. The employee shall not obtain approval to fulfill military service obligations on a Saturday and/or Sunday, then complete his/her military obligation (without the department's knowledge) on the employee's RDOs (if other than Saturday and/or Sunday), and then use the pre-approved Saturday and/or Sunday leave for non-military, personal reasons. If an employee fails to notify management that the time on the weekend is no longer required for attendance at a military obligation, and still takes the time off, the employee may be subject to discipline.
  - a. For example, an employee's RDOs are Tuesday/Wednesday and he/she is scheduled to attend a weekend drill on Saturday/Sunday. Then this employee subsequently fulfills his/her drill obligation by attending pre-drill or post-drill on his/her RDOs on Tuesday/Wednesday. This employee is then required to notify State management of this change as soon as possible. Authorization to use leave credits to cover the Saturday/Sunday drill period is thus automatically rescinded.
- D. **SICK LEAVE DURING MILITARY SERVICE:** If an employee becomes unable to fulfill his/her scheduled military service obligation due to illness/injury, the employee is required to notify their employer so the absence can be appropriately recorded as sick leave. The employee must submit, with the 998A form, verification from the military confirming his/her absence from military service was due to illness or injury.
- E. **REPORTING BACK TO WORK AFTER MILITARY SERVICE:** Time limits for reporting to work after military service depend on the length of the military service completed.
  1. For periods of service less than 31 days, and fitness examinations, the employee must report to work at the beginning of the regularly scheduled work day following completion of the service plus a period for safe transportation to the person's residence and an additional 8 hours rest period.
    - a. As an example, an employee may be released from military service duty at 5:00 p.m. Sunday and arrive home at 8:00 p.m. Sunday, after a three hour commute. Once the employee has arrived home he/she is entitled to an eight hour rest period. After the rest the employee must report to the employer no later than the beginning of the first regularly scheduled work day. In this case an employee could be required to report to work at 6:00 a.m. on Monday morning.
  2. For periods exceeding thirty (30) days reference USERRA.
- F. Where State or Federal Law is inconsistent with the language of this section, employees shall be able to take advantage of whichever offers the most benefits.

### 10.18 Annual Leave - Enhanced NDI

#### A. Annual Leave

1. Employees who are currently subject to vacation and sick leave provisions may elect to enroll in the Annual Leave Program at any time. New employees may elect to enroll in the Annual Leave Program following the equivalent of completion of six (6) months of full-time employment. One hundred sixty (160) hours of paid employment equals one (1) month of full-time employment for employees who work on an intermittent basis. The effective date of the election shall be the first day of the pay period in which the election is received by the appointing power. Once enrolled in annual leave, an employee shall become entitled to an enhanced non-industrial disability insurance (NDI) benefit (50% of gross salary) upon serving a waiting period of ninety (90) consecutive calendar days. If the employee files a claim for NDI benefits between the effective date of enrollment in annual leave and the end of the waiting period, the standard NDI benefit shall be payable. This waiting period does not apply to any employee who was enrolled in the Annual Leave Program upon appointment in a position requiring mandatory participation.
2. Each full-time employee shall receive credit for annual leave in lieu of the vacation and sick leave credits of this provision in accordance with the following schedule:

7 months to 3 years	12 hours per month
37 months to 10 years	15 hours per month
121 months to 15 years	17 hours per month
181 months to 20 years	18 hours per month
241 months and over	19 hours per month

Part-time and hourly employees shall accrue proportional annual leave credits. Employees who work on an intermittent basis shall receive annual leave credits in accordance with leave accrual schedule in paragraph A. 2. above, on the basis of one hundred sixty (160) hours of paid employment equals one (1) month of full-time employment. Employees shall have the continued use of any sick leave accrued as of the day before participation in the program in accordance with applicable laws, rules or Memorandum of Understanding.

Employees accrued vacation leave will be converted to annual leave, however, HOL, PLP, excess, or other accrued leave balances will be retained or accrued as before participation in the program.

DPA rule or Memorandum of Understanding shall provide all provisions necessary for the administration of this section.

3. A full-time employee who has eleven (11) or more working days of service in a monthly pay period shall earn annual leave credits as set forth in DPA Rules 599.608 and 599.609.
4. Employees working less than full-time or who work in multiple positions accrue annual leave in accordance with the applicable DPA rules.
5. If an employee does not use all of the annual leave that the employee has accrued in a calendar year, the employee may carry over his/her accrued annual leave credits to the following calendar year to a maximum of six hundred forty (640) hours. A department head or designee may permit an employee to carry over more than six hundred forty (640) hours of accrued annual leave hours if an employee was unable to reduce his accrued hours because the employee: (1) was required to work as a result of fire, flood, or other extensive emergency; (2) was assigned work of a priority or critical nature over an extended period of time; (3) was absent on full salary for compensable injury; (4) was prevented by department regulations from taking annual leave because of sick leave; or (5) was on jury duty.
6. Upon termination from state employment, the employee shall be paid for accrued annual leave credits for all accrued annual leave time.
7. The time when annual leave shall be taken by the employee shall be determined by the Department head or designee. If on January 1 of each year an employee's annual leave bank exceeds the cap in paragraph 5; the department may order the employee to take annual leave.
8. Annual leave requests must be submitted in accordance with departmental policies on this subject. However, when two (2) or more employees on the same shift (if applicable) in a work unit (as defined by each department head or designee) request the same annual leave time and approval cannot be given to all employees requesting it, employees shall be granted their preferred annual leave period in order of seniority set forth in Article XII Section 12.01 of this Agreement.
9. Each department head or designee will make every effort to act on an annual leave request in a timely manner.
10. Annual leave that is used for purposes of sick leave is subject to the requirements set forth in Article X Section 10.02 B. and 10.02 C. of this Agreement

B. Enhanced Non-Industrial Insurance (NDI)

1. This enhanced NDI provision is only applicable to employees participating in the Annual Leave Program referenced in A. above.

2. Once enrolled in annual leave and for periods of disability commencing on or after ratification of this MOU, an employee shall become entitled to an enhanced NDI benefit (50% of gross salary) upon serving a waiting period of ninety (90) consecutive calendar days. If the employee files a claim for NDI benefits between the effective date of enrollment in annual leave and the end of the waiting period, the standard NDI benefits shall be payable. This waiting period does not apply to any employee who was enrolled in the Annual Leave Program upon appointment in a position requiring mandatory participation.
3. The enhanced NDI payments at fifty percent (50%) of the employees gross salary are payable monthly for a period not exceeding twenty-six (26) weeks for any one (1) disability benefit period. An employee is not eligible for a second disability benefit due to the same or related cause or condition unless they have returned to work for at least ten (10) consecutive work days. Paid leave shall not be used to cover the ten (10) work days. Disability payments may be supplemented with annual leave, sick leave or partial payment to provide for up to one hundred percent (100%) income replacement. At the time of an enhanced NDI claim an employee may elect either the fifty percent (50%) enhanced NDI benefit rate or a supplementation level of seventy-five percent (75%) or one hundred percent (100%) at gross pay. Once a claim for enhanced NDI has been filed and the employee has determined the rate of supplementation, the supplemental rate shall be maintained throughout the disability period. The provisions contained in Article XI, Section 11.09 B., do not pertain to sick leave credits that are utilized to supplement IDL or enhanced NDI benefits.
4. The employee shall serve a seven (7) consecutive calendar day waiting period before enhanced NDI payments commence for each disability. Accrued paid leave or CTO leave balances may be used to cover this waiting period. The waiting period may be waived commencing with the first full day of confinement in a hospital, nursing home, or emergency clinic. The definition of hospital, nursing home, and emergency clinic is the same as defined by Section 2627.5 and 2627.7 of the Unemployment Insurance Code.
5. If the employee elects to use annual leave or sick leave credits prior to receiving enhanced NDI payments, he or she is not required to exhaust the accrued leave balance.
6. Following the start of enhanced NDI payments an employee may at any time switch from enhanced NDI to sick leave or annual leave but may not return to enhanced NDI until that leave is exhausted.
7. In accordance with the State's "return to work" policy, an employee who is eligible to receive enhanced NDI benefits and who is medically certified as unable to return to their full-time work during the period of his or her disability, may upon the discretion of his or her appointing power, work those hours (in hour increments) which when combined with the enhanced NDI benefit will not exceed one hundred percent (100%) of their regular "full pay." The appointing power may require an employee to submit to a medical examination by a physician or physicians designated by the Director of the Employment Development Department for the purpose of evaluating the capacity of the employee to perform the work of his or her position.

8. If an employee refuses to return to work in a position offered by the employer under the State's injured State Worker Assistance Program, enhanced NDI benefits will be terminated effective the date of the offer.
9. Where employment is intermittent or irregular, the payments shall be determined on the basis of the proportionate part of a monthly rate established by the total hours actually employed in the eighteen (18) monthly pay periods (or the total number of pay periods for those employees who have not worked eighteen [18] pay periods) immediately preceding the pay period in which the disability begins as compared to the regular rate for a full-time employee in the same group or class. An employee will be eligible for enhanced NDI payments on the first day of the monthly pay period following completion of nine hundred sixty (960) hours of compensated work.
10. All other applicable DPA laws and regulations not superseded by these provisions will remain in effect.
11. Upon approval of enhanced NDI benefits, the State may issue an employee a salary advance if the employee so requests.
12. All appeals of an employee's denial of enhanced NDI benefits shall only follow the procedures in the Unemployment Insurance Code and Title 22. All disputes relating to an employee's denial of benefits are not grievable or arbitrable. This does not change either party's contractual rights, which are not related to an individual's denial of benefits.
13. Employees who become covered in the Annual Leave Program while on an NDI claim shall continue to receive NDI pay at the old rate for the duration of the claim.
14. Employees who do not elect the Annual Leave Program will receive NDI benefits in accordance with the current program.

Employees may elect to enroll in the annual leave program to receive annual leave credit in lieu of vacation or sick leave credits. Employees enrolled in the annual leave program may elect to enroll in the vacation and sick leave program at any time. The effective date of these elections shall be the first day of the pay period in which the election is received by the appointing power. Once an employee elects to enroll in either the annual leave program or the vacation/sick leave program, the employee may not elect to enroll in the other program until 24 months has elapsed from the date of enrollment.

### 11.01 Shift and/or Assignment Changes

- A. The State shall give notice to an employee at least seven (7) calendar days prior to the effective date of a change of shift, RDOs or hours of work. Unexpected changes required by emergencies, or which are due to other unforeseeable circumstances, are exempted from this notice requirement.
- B. CCPOA's local Chief Job Steward or designee may waive the notice requirement in any particular instance.
- C. In [CYA DJJ](#), an unexpected immediate job change of short duration may occur from time to time. The Department agrees to contact the local Chief Job Steward in each instance where an employee was required to involuntarily report to work on other than the regularly scheduled work shift. Except for emergencies, no employee will be required to involuntarily report to work on a scheduled day off.

On such occasions employees may be requested to report to work on other than their regularly scheduled work shift. Except for emergencies, no employee will be required to involuntarily report to work on other than their regularly scheduled work shift or on a scheduled day off.

The Department agrees to contact the local Chief Job Steward in each instance where an employee was required to involuntarily report to work.
- D. The State recognizes the value of flexibility in working hours and days as a means of reducing the use of sick leave. Likewise, the union recognizes the value of having employees report to work as scheduled. The parties therefore agree that an appropriate topic of discussion for the quarterly labor/management committee meeting provided for in Section 5.05 is a "sliding six" schedule for days off and alternative work hours (e.g., 4/10/40). Said discussion will not replace the duty to bargain as otherwise provided for in this agreement.

### 11.03 Continuous Hours of Work/Dead Time

- A. Except in the case of an emergency, employees shall not work in excess of sixteen (16) continuous hours in any given twenty-four (24) hour period. In the event employees are involuntarily ordered over, these employees are to be permitted an eight (8) hour break between shifts. With the exception of camps, if the eight (8) hour break extends into the employee's next regularly scheduled shift, the employee shall receive paid administrative time off for the hours of the break that extend into the shift. For example, an employee assigned to a shift beginning at 0600, works a voluntary overtime to 2200 hours, and is involuntarily ordered to work until 0100 hours; the employee will be permitted a full eight (8) hour break before being required to return to his/her regular work; this employee would not be required to report to work until 0900 and would receive paid administrative time off from 0600 to 0900. However, the parties recognize that informational briefings of fifteen (15) minutes may be added before or after a regular shift, thus extending the sixteen (16) hours up to a maximum of sixteen (16) hours and fifteen (15) minutes.
- B. When a double involves one (1) hour or less on dead time, it shall not be counted as work time under this section, but will be paid time under hours of work.
- C. Employees shall not be allowed to work more than two (2) "doubles" back-to-back. For the purpose of this section, a double shall be defined as thirteen (13) or more contiguous hours of work which may or may not be broken by dead time. The dead time shall not be counted as work time and not break the continuity of the "double." \*
- D. The State agrees to make its best effort to reduce or eliminate "dead time" for employees who work involuntary overtime hours. Where dead time exists, the State shall, subject to operational needs, try to schedule the employee to begin the overtime assignment immediately after the end of the employee's regular shift or hours.
- E. Each institution administration and local CCPOA chapter representatives shall meet locally, within the life of this MOU, to make a reasonable effort to reduce the number of start and stop times.
- F. The State shall pay employees for up to the first sixty (60) minutes of dead time prior to an involuntary overtime assignment provided the dead time is three (3) hours or less. Unless an emergency situation exists, the employee will not be compelled to work during this dead time. No dead time shall be paid for voluntary overtime assignments.

  - 1. The employees make a written request to their supervisor(s), at least twenty-four (24) hours prior to the exchange;
  - 2. The supervisor(s) approves the exchange; and

  - 4. An employee may have no more than two (2) persons for working for them during a shift.
- B. Once approved, shift changes shall not be subjected to further review, except for operational needs. If a shift swap is denied, the supervisor denying the swap shall state the reason for the denial on the written request.

- D. Each employee shall be responsible for the coverage of the work assignment he/she accepts. If the employee who agrees to work for another employee fails to show for the swap, and provides proper medical verification, he/she shall be subject to repaying the actual length of the shift (e.g., eight [8] hours for an eight [8] hour shift, or ten [10] hours for a ten [10] hour shift). The swap sheet shall inform the individuals swapping that the employee who fails to pay back the swap shall be subject to repaying the actual length of the shift. The State shall first use the appropriate, accrued time credits for the repayment; then use "accounts receivable" should time credits be insufficient for the repayment. Once reimbursement is made by the employee, the employee may not be subject to adverse personnel action for this incident.

In the event the employee fails to show because of illness or injury, he/she shall be required to provide a medical verification in accordance with Section 10.02 of the MOU. If the employee fails to provide medical verification, the employee shall be charged twelve (12) hours of the appropriate leave credits.
- E. All swaps must be paid back within ninety (90) calendar days. Where the pay back cannot be accomplished without overtime being earned by one (1) or both of the affected employees the requested swaps shall be denied.

- F. Probationary employees normally shall not be allowed to exchange hours of work with other employees in the same classification or level at all during the first three (3) months of their probationary period. ### **11.12 Priority Time Off Requests**

- A. The State recognizes the value of permitting employees to take short periods of time off (e.g., one shift) using holiday credit, vacation and annual leave for purposes that cannot be foreseen or planned for at the time annual vacation requests must ordinarily be submitted. Likewise the union recognizes the value of having employees report to work as scheduled. The parties therefore agree that each appointing power (or designee) shall meet with the local union chapter president (or designee) within 90 days following ratification of this Agreement. They will meet for purposes of discussing whether a system that results in employees who have sick leave balances of 300 hours or more being able to request and receive priority for time off requested on short notice (i.e., 72 hours) using holiday credit, excess hours, vacation and annual leave is possible and feasible. Such systems shall not conflict with any other provision of this Agreement or result in additional cost to the state (e.g., overtime). Such systems would be in addition to any existing system for scheduling or "burning" employee's accumulated holiday or vacation credit.
- B. This section shall be considered a prelude to, rather than a substitute for the duty to bargain as otherwise required by this Agreement.

### 11.13 Callback Time

- A. An employee in Work Week Group 1, 2 or Work Week Subgroup 4A who has completed a normal work shift, or an employee in Work Week Subgroups 4B or 4D on an authorized day off, when ordered back to work, shall be credited with a minimum of four (4) hours work time provided the call back to work is without having been notified prior to completion of the work shift, or the notification is prior to completion of the work shift and the work begins more than three (3) hours after the completion of the work shift.
- B. When such an employee is called back under these conditions within four (4) hours of the beginning of a previous call or an additional call is received while still working on an earlier call back, the employee shall not receive an additional four (4) hours credit for the new call back.
- C. When such an employee is called back within four (4) hours of the beginning of the employee's next shift, call back credit shall be received only for the hours remaining before the beginning of the employee's next shift.
- D. When staff meetings, training sessions, or work assignments are regularly scheduled on an employee's authorized day off, the employee shall receive call back compensation; when staff meetings and training sessions are regularly scheduled on an employee's normal work day and outside the employee's normal work shift, overtime compensation shall be received in accordance with the employee's work week group, the provisions of this Agreement, and regulations governing overtime. (7K training that occurs during hours employees must work to satisfy their 7K work period hours does not give rise to callback compensation pursuant to this subsection).
- E. If an employee entitled to call back compensation completes the specific task giving rise to his/her call back assignment before four (4) hours has lapsed, the employee will not be required to remain at work until four (4) hours have lapsed unless (1) s/he volunteers; (2) an emergency exists; or, (3) there are operational needs that mean section 12.06 (Involuntary Overtime by Inverse Seniority) is inapplicable.

Subject: ARTICLE 12: TRANSFER, SENIORITY, OVERTIME AND LAYOFF

### 12.01 Seniority

- A. Effective the first day of the April 1999 pay period, seniority shall be determined as follows:
  - 1. For all purposes (including but not limited to, layoff, transfer in lieu of layoff, demotion in lieu of layoff), "seniority" shall be determined by total State service in classes represented by Unit 6 (R06), classifications identified as S06, and in CO classes as defined by Section 830.5 of the Penal Code, regardless of when such service occurred.
  - 2. "Total State service" is calculated as the period of time since the hire date, for which the employee has earned qualifying pay periods, as defined in paragraphs 3. and 4. below.
    - a. An employee shall not accrue seniority points during a break in service.
    - b. Those employees who were on qualified military leave shall accrue seniority points throughout the time they were on military leave. Additionally, military leave throughout this period shall not be considered a break in service for definition purposes of this Section 12.01.
    - c. An employee on leave for union business shall continue to accrue seniority.
  - 3. Full-Time Employees' Seniority Accrual: In determining seniority scores for full-time employees, one (1) seniority point shall be awarded for each qualifying monthly pay period of full-time State service in classifications defined in paragraph 1. above. A pay period in which a full-time employee works eleven (11) or more days will be considered a qualifying pay period except that when an absence from State service resulting from a temporary or permanent separation for more than eleven (11) consecutive work days falls within two (2) consecutive pay periods, the second pay period shall be disqualified. This definition shall apply to all of the employee's work history regardless of when it occurred.
  - 4. Intermittent Employees' Seniority Accrual: Seniority points for time served as a PIE will be awarded as follows:
    - a. Hours worked prior to the April 1999 pay period.  
Intermittent employees shall be awarded one (1) seniority point for each qualifying monthly pay period of state service in classifications defined in paragraph B.1. above. A pay period in which an intermittent employee works one hundred sixty (160) or more hours will be considered a qualifying pay period. The hours in excess of one hundred sixty (160) hours in a monthly pay period shall not be counted or accumulated.

- b. Hours worked on or after the April 1999 pay period, unless extended by mutual agreement.

Intermittent employees shall be awarded one (1) seniority point for each qualifying monthly pay period of state service in classifications defined in paragraph 1 above. A pay period in which an intermittent employee works eighty-eight (88) or more hours will be considered a qualifying pay period for the purpose of accruing seniority. The hours in excess of eighty-eight (88) hours in a monthly pay period shall not be counted or accumulated. If an employee works less than eighty-eight (88) hours in a monthly pay period, it shall be a non-qualifying pay period; such hours shall not be counted or accumulated.

- 5. Ties in seniority shall be broken by first examining each employee's initial hire date. The employee with the earliest initial hire date in a classification defined in paragraph 1 above will be considered the most senior. If a tie still exists, it shall be broken by examining each employee's last four (4) digits of his/her social security number. If a tie still exists, the employee with the lowest middle two (2) digits will be considered the most senior; if a tie still exists, the employee with the lowest first three (3) digits will be considered the most senior.
- 6. An employee's initial hire date shall be the date the employee was initially hired into a Unit 6 position regardless of breaks in service.
  - a. For employees who initially reported to a work site other than an academy, the initial hire date shall be the date they reported to work.
  - b. For employees who initially reported to an academy and are subject to the Academy Start Date Settlement Agreement for Correctional Officers, the initial hire date shall be the one that they received through the Settlement Agreement.
  - c. For employees who initially reported to an academy and are not subject to the above-mentioned Settlement Agreement, the initial hire date shall be the date that they originally reported to an academy. Employees claiming they are entitled to seniority credit pursuant to paragraph 6 must supply written documentation evidencing their report date to the academy.

Subject: Article 12: TRANSFER, SENIORITY, OVERTIME AND LAYOFF

### 12.04 Employee Requested Transfers Between Appointing Authorities

- A. The State has varying business needs to fill vacant positions by using existing eligible lists, involuntary transfers, reassignments or other selection methods. A part of these needs may be to fill a position for such reasons as balancing the work force or pre-announced special skills, abilities or aptitudes.

The parties acknowledge that the needs of the State must be given first priority when the State deems it necessary to fill a vacant position. The parties further acknowledge the varying employee desires to permanently transfer to another location, within the employee's department and classification, which the employee deems more desirable. Therefore, the following procedure is established to facilitate employee requests to transfer to a position within the employee's classification and department at another location.

- B. Employees desiring to transfer shall apply in writing in a manner prescribed by the State to the Appointing Authority of the location to which the employee desires to transfer. Such requests shall be to permanent positions in the same department within the employee's same classification. The employee's written requests shall be processed within thirty (30) days of submission and placed in seniority order with those of others who have similarly filed a request to the same position at the location. The Appointing Authority or designee shall provide the employee submitting a request for transfer with an acknowledgment of receipt of the transfer request. Employee requests shall be kept on file at the location through June 30 of each fiscal year or removed earlier at the request of the employee. At the request of the CCPOA Chapter President, the location of employee transfer files will be furnished to the Chapter President.
- C. The State agrees to fill vacancies in the CO, YCO, MTA and YCC classifications by either lateral transfers, list appointments, reinstatements, permanent full-time appointments from the academy, or offering full-time appointments from the academy, or offering full-time employment to PIEs. In the interest of facilitating lateral transfers, three (3) of every ten (10) vacancies filled in the CO, YCO, MTA and YCC classifications must be via lateral transfers, except in the event of a lateral transfer freeze. In order for the State to institute a lateral transfer freeze at a particular Institution/Facility, said Institution or Facility must have a 10% or higher vacancy rate with respect to the positions identified on the Post Assignment Schedule/Master Assignment Roster or DJJ Staff Schedule. This shall not preclude filling of vacancies at a higher ratio than specified. Offers to fill by lateral transfers will be made on a seniority basis consistent with B. above. A reconciliation of the lateral transfers will be made six (6) months after ratification of the MOU and every six (6) months thereafter with each local Chapter President and the Appointing Authority.

- D. When lateral transfer is the means being used to fill a vacant position, the most senior employee with a request to transfer on file at that location shall be transferred provided that (1) the employee is not currently under investigation for misbehavior which could lead to adverse action, (2) has not had an adverse action in the last three (3) years and (3) has not had an overall substandard performance evaluation in the preceding 12 months.
- E. A PIE may submit a lateral transfer package using the process described in this Article provided the employee has successfully completed probation, is not currently under investigation, and does not have a pending adverse action. Selection of PIEs is at the discretion of the Appointing Authority.
- F. If the State chooses to fill vacant positions by transfers, but has specified the need to fill positions based on special skills, abilities or aptitudes, paragraph C. and D. above need not apply.
- G. Those employees who obtained employee-requested transfer under the provisions of this section shall not be eligible to utilize the provisions of this section for a period of one (1) year from the effective date of such transfer unless the employee has demonstrated a hardship that did not exist at the time of the initial transfer.
- H. This procedure may be superseded in favor of an employee requesting a transfer based on a bona fide hardship. If the matter is contested, the Appointing Authority or designee shall explain the basis for the waiving of this section to CCPOA's local Chief Job Steward or designee and/or CCPOA's representative.
- I. Travel Time Allowance: Upon request, the State may authorize an employee to take a reasonable amount of vacation, PLP, CTO, or holiday time off between transfers from one (1) institution to another where the transfer requires the employee to move his/her residence. Such requests will not be unreasonably denied, by the receiving institution.

### 12.05 Voluntary Overtime By Seniority

- A. Employees in Bargaining Unit 6 shall be assigned voluntary overtime by seniority except where precluded by operational needs of the departments or in emergency situations. Existing caps on voluntary overtime shall continue; where they do not exist, reasonable caps may be negotiated locally by the parties. There shall be no yearly caps. All other existing rules and policies regarding voluntary overtime continue to remain in effect.
- B. In [CDC-Adult](#) institutions, COs shall not be eligible to accept an overtime assignment when he/she has worked ten (10) overtime shifts (80 hours) within the 7k work period.

When all employees signed up for a voluntary overtime shift meet or exceed the above overtime limits, the voluntary overtime list will be utilized, by seniority, prior to ordering over. Where this section does not abridge a local agreement, the local agreement shall be left intact. Where local caps are higher than the limits in this section, the local agreement shall be opened in order to insure compliance. Any issue within the local caps agreement that does not deal with the limit of time worked shall only be opened by mutual agreement.
- C. Each Appointing Authority or designee will establish a means by which a Bargaining Unit 6 employee may sign up for an overtime shift. The order of call for voluntary overtime shall normally be from the voluntary overtime roster. However, if the overtime assignment becomes available two (2) hours or less prior to the start time of the overtime assignment, the assignment will be offered to the most senior employee whose name appears on the voluntary overtime roster and who is currently on duty.
- D. Overtime at camps and community-based programs shall be on a rotational basis.
- E. In addition to the above within [GYA DJJ](#), overtime under this provision shall be offered by seniority by classification. When there are no volunteers on the appropriate list within the classification, the Department shall use the following options in descending order:
  - 1. Use the volunteers from an appropriate classification (i.e., Youth Correctional Counselors can work for YCOs and vice versa);
  - 2. Use the involuntary overtime provisions; or
  - 3. Take necessary action to ensure adequate coverage.
- F. Existing institutional sign-up procedures and policies in effect during the terms of this MOU will not be changed without local negotiations.
- G. When an outside employer engages COs to work for a project on departmental grounds, the employees will be hired on an overtime basis pursuant to this section, or be placed on special assignment to work, and their positions filled behind with a PIE or on an overtime basis pursuant to this section, except if the position is not normally filled behind.
- H. When it is determined a violation of this section has occurred, the "wronged" employee shall be entitled to four (4) hours pay at time and one-half.

Subject: ARTICLE 12: TRANSFER, SENIORITY, OVERTIME AND LAYOFF

### 12.07 Personnel Preferred Post Assignments (PPPA) for Correctional Officers and MTA (CDC DMH)

#### A. METHODS

1. There shall be seventy percent (70%) of the qualifying CO and MTA (CDC/DMH) post assignments at each CDC- Adult Institution assigned by seniority. These Personnel Preferred Post Assignments (PPPA) will be distributed among the watches and RDOs in the same proportion as their percentage of the total number of qualifying posts. The break point will be .6 of the total number of qualifying posts. For example: 32 jobs (70%= 22.4; 30%=9.6). Therefore, ten (10) jobs will be management assignments, twenty-two (22) jobs will be PPPA.
2. Time Frames for Implementation
  - a. All institutions will implement a continuous bid process as outlined in subsection E. (CONTINUOUS BID PROCESS)
  - ~~a. — New implementation will follow the implementation time lines set forth in this procedure. However, if the implementation dates change, the time frames will continue to be adhered to.~~
  - ~~b. — All institutions shall conduct a bid to incorporate changes of this procedure. For MTA (CDC/DMH) this process shall begin within thirty (30) days after ratification of this MOU. For Correctional Officers the bid process shall be conducted so that all job changes are effective no later than the first Monday of November 2002.~~
  - ~~e. b.~~ Implementation for new institutions: Within eighteen (18) months of activation (receipt of inmates) all new institutions will begin the implementation process for PPPA.
3. Definitions

- a. Bid Period: Employees may bid as otherwise described in this agreement during the bid period. Each "bid period" shall be three calendar years ~~(except that the first bid period shall end December 31, 2004)~~. A Realignment of Posts process will be used at the outset of each new bid period.
- b. Realignment of Posts: A Realignment of Posts follows a re-determination by the Appointing Authority or designee and the local chapter representative about the number and specific posts which will be considered "qualifying posts" available for bid.
- c. Qualifying Post: Any authorized post listed on the Master Assignment Roster after it has been reconciled with the Post Assignment Schedule and the Governor's Budget, ~~except: The total post count equivalent to the Institution's Vacancy Plan (IVP).~~ The following posts ~~may be~~ are exempted from the PPPA bid process, ~~but will be included in the count for the purpose of establishing the 70/30 calculation:~~ (1) total number of established transportation posts at the CO level; (2) total number of Investigative Services Unit (ISU) posts at the CO level; and, ~~(3) total number of In-Service Training (IST)/Armory posts at the CO level.~~
  - (1) Camps shall retain their current agreements regarding post assignments.
- d. 70/30 Split (all posts except as noted in paragraph c above): Seventy (70%) percent represents the percentage of qualifying posts that shall be available for bid otherwise known as "Personnel Preferred Post Assignments" (PPPA). Thirty (30%) percent represents the percentage of qualifying posts that shall not be subject to bid. The representative number of PPPAs at each institution will be determined by establishing an equitable distribution of qualifying posts by area, watch and RDO. An "equitable distribution" is as close to a 70/30 representation in each of these areas, in keeping with operational needs. Upon completion of the 70/30 split, a reconciliation shall be completed to insure the institution's overall representation is within plus or minus two (2) positions.

#### 4. Bid Process

- a. PPPA will consist of two (2) processes. One process consists of the bid as outlined in subsection C.  
IMPLEMENTATION.
- b. The continuous bid process is outlined in subsection E.  
CONTINUOUS BID PROCESS. The continuous bid process will be for the purpose of filling PPPA vacancies on a continual basis as they arise throughout the bid period.

## B. ELIGIBILITY

1. Participation in the PPPA system is limited to eligible employees. An eligible employee:
  - a. Must be a permanent, full-time CO or MTA (COC/DMH). Apprentices are excluded.
  - b. Must be permanently assigned to and working at the institution. Eligible employees may participate only in their institution's PPPAs. There shall be no inter-institution bidding assignments by personal preference.  
Eligible employees who laterally transfer will be permitted to participate in the continuous bid process.
  - c. In order to participate and maintain the rights and privileges defined throughout this procedure, the employee must maintain an overall standard performance rating as identified in Section 9.01. In the case of a gender restrictive post, the otherwise eligible employee must be the appropriate gender for that post.
    - (1) Upon activation of a newly established institution, previous year employee performance evaluations will not be considered for the purposes of eligibility in the PPPA process.
  - d. An employee successfully bidding to a PPPA who does not meet the qualifications (firearms, ~~side-handle~~ baton, chemical agents) for such post, must meet all qualifications, specified in this procedure, prior to the date of assignment to the PPPA. If the employee is not qualified for the PPPA, on the initial date of assignment, the employee will be assigned at management's discretion and allowed to participate in the continuous bid process. The vacated PPPA will be subject to the continuous bid process.
    - (1) For Correctional Officers, management shall be responsible to ensure that training for all qualifications are available through In-Service Training. Employees shall be responsible for scheduling and attendance.
    - (2) If the failure to qualify is based upon unavailability of training, the employee will be placed in a non-qualifying post in the same watch, RDOs with similar start/stop times. The PPPA will temporarily revert to management until such time that the employee qualifies and is placed back into the PPPA.

- (3) Once the training has been provided, and if the employee qualifies, the employee shall be placed in the PPPA. If the employee is not successful in qualifying, they shall be assigned at management's discretion. The vacated PPPA shall be subject to the continuous bid process.
  - (4) In order to be retained in a PPPA armed post, employees must maintain current weapons qualification. Failure to maintain quarterly qualifications in compliance with departmental policy will result in the employee being assigned at management's discretion to an unarmed post. An otherwise eligible employee may participate in the continuous bid process. Removal of the employee does not preclude the employee from being subject to other action in accordance with departmental policy.
- e. For activation of a newly established institution, an employee may be precluded, in writing, from participating in the PPPA bid process to specific assignment areas as determined by the Appointing Authority. This preclusion must be based upon:
- (1) An employee who has an adverse personnel action which relates to the employee's job performance including, but not limited to:
    - (a) Inattentiveness on the job
    - (b) Insubordination
    - (c) Excessive force toward an inmate, ward, or parolee
  - (2) The preclusion will not be based upon an adverse personnel action for:
    - (a) Sick leave abuse, etc.
    - (b) Off-duty conduct, etc.
    - (c) The adverse personnel action must have occurred twelve (12) calendar months preceding the onset of the bid process (i.e., the third Monday in November).

An employee receiving a performance related adverse action that may have a greater impact related to a specific assignment area (i.e., Ad Seg, community crews, Security Housing Units, entrance gates, etc.), may be excluded by the Appointing Authority from bidding to the specific assignment area for one (1) bid period. (Refer to subsection H.14.)

- f. An otherwise eligible employee absent from the worksite during the bid process for such reasons as NDI, Workers' Compensation, leave of absence, annual military leave, etc., may participate in the PPPA bid process. Employees who are successful in obtaining a bid post must assume the duties of such post within one year of posting of the bid results. Until such time as the employee occupies the post, it temporarily reverts to the conditional bid process. In the event the employee is unable to assume the duties within one year, the employee will be placed in a post at management's discretion.
- g. Failure of the employee to complete a PPPA bid will result in placing the employee in a post, at management's discretion, without regard to watch, RDOs or start/stop times.

#### C. IMPLEMENTATION

- 1. At the first meeting of the local Joint Labor/Management Committee, the total number of institutional posts available for PPPA shall be seventy percent (70%) of the total authorized posts listed on the Master Assignment Roster, as defined in subsection A.3.c. The remaining thirty percent (30%) shall be designated as management posts.

    - (d) In the event a cancellation is not filled or a vacation slot is not available, the PPPA VR employee will be assigned at management's discretion until the employee's next scheduled vacation coverage.
  - (11) Eligible employees may bid on any number of PPPAs.
  - (12) Upon request from the Chapter President, the institution may establish a walk-up bid process. Any disputes regarding this process must be resolved at the local level.
- b. December
  - (1) Beginning the first Monday of December, the Personnel Assignment Office shall have up to twenty-one (21) calendar days to determine the employee's placement into the PPPA of their selection.

#### D. TEN PERCENT RULE

This section does NOT apply to those employees subject to adverse action or substandard performance appraisals.

1. In those instances when it becomes apparent an employee does not possess the knowledge, skills, aptitude, or ability to perform at an acceptable standard in the PPPA to which the employee has bid, a job change memorandum documenting the reasons for reassignment will be prepared by the immediate supervisor and attached to a job change request.

This document must be approved by the employee's second line supervisor and section manager prior to being forwarded to the Personnel Assignment Office. The approved job change memorandum shall be maintained by the Personnel Assignment Lieutenant and filed in accordance with existing procedures regarding the archiving of all other job change requests and the employee shall be provided a copy of the job change memorandum. Management may then reassign the employee as follows:

- a. The reassignment must be completed within sixty (60) days of the date the employee assumed assignment to the post. The time an employee is absent from the post ~~is not~~ will be counted toward the sixty (60) days.
- b. The number of these reassignments may not exceed ten percent (10%) of the total PPPA count based on seniority. The Personnel Assignment Lieutenant shall be responsible for maintaining an accurate count of reassignments made under the Ten Percent Rule.
- c. In the event assignment changes are necessary (within the ten percent [10%] factor allowed), the person being moved from that assignment shall be given a job change into an assignment with the same RDOs and substantially similar start and stop times for the remainder of the bid period.
- d. If the employee disagrees with the reasons for the removal from the PPPA, the employee can grieve the change, within twenty-one (21) calendar days of notification, directly to the Appointing Authority. This grievance must be heard, and a written response provided, by the Appointing Authority within fourteen (14) calendar days. The grievance may not be appealed beyond the Appointing Authority. The filing of a grievance shall not postpone any such removal.

## E. CONTINUOUS BID PROCESS

### 1. Statement of Purpose

The Continuous Bid Process is to allow employees to continue to fill vacant PPPA's, by seniority, once the initial process has been implemented.

### 2. Implementation

- a. Vacant PPPAs will be posted on the first Monday of each month. Any eligible Correctional Officer will be allowed to bid including those already in a PPPA.
- b. All assignment for those who were successful in achieving an available PPPA, the results will be posted by the fourth Monday of each month. All job changes will have an effective date of not more than fourteen (14) calendar days from the date of the posting results.
- c. This posting and bid "window" will be a minimum of ten (10) calendar days, with no bids being accepted after the close of business on the second Friday after the initial posting.
- d. Subsequent to the initial bid, an otherwise eligible officer may participate in the continuous bid process up to five times during the bid period. Bids due to deactivations or changes to a post's RDOs or start/stop times shall not count towards this cap. Bids due to removal for cause, 10 percent rule, performance evaluations or adverse actions shall only be counted against the cap for a maximum of two bids.

## F. CONDITIONAL BIDS

The Conditional Bid Process will be the process in which PPPAs are filled on a temporary basis. Once it is determined that a PPPA could be temporarily vacant for more than thirty (30) calendar days, the PPPA will be posted for a "conditional bid". The conditional bid would only be in effect until the original bidder returns to assume the PPPA within the following time frames. An employee displaced from a conditional bid post may participate in the continuous bid process, or will be assigned at management's discretion without regard to watch, RDOs, or start/stop times:

### 1. All vacancies with the exception of Military Leave or Union Officers:

These employees would be subject to a one (1) year time limitation before the conditional status of the post expires. The employee in the job could remain in said post. The Appointing Authority can extend this time on a case by case basis.

2. Military Leave:

In the event an employee is ordered to active military duty, these employees would be subject to length of the bid period before the conditional status expires. The employee in the job could remain in said post. The Appointing Authority can extend this time on a case by case basis.

3. Union Officers:

All employees subject to being placed in to a post utilizing "super seniority" will submit a bid form based upon their seniority. Once this process has been completed Union Officials who are designated by CCPOA to fill Chapter President/Chief Job Steward posts based upon "super seniority" will be assigned to those designated posts upon their request. Should a union official assume the designated post utilizing "super seniority", they would remain in said job until he/she is un-elected or the Chapter President designates a different Chief Job Steward. At this time, the employee would return to the position originally bid by their seniority. During the time that the employee is in a post based upon "super seniority", their seniority bid post will be offered as a conditional bid subject to the length of the bid period.

4. Gender Restricted Posts

In the event that there are gender restrictive posts unfilled, management will make appropriate adjustments in the post duties to accommodate the employee that bids to a gender restrictive posts.

G. RE-EVALUATION

~~On or about June 30, 2004 and no later than July 31, 2004, or upon request of either party, the Joint Labor/Management Committee will be convened to discuss and evaluate the processes and parameters established for the Continuous and Conditional bid processes as defined in sections E and F. The Joint Labor/Management Committee may make any adjustment to the process deemed necessary prior to next bid period.~~

H. MAINTENANCE

After the initial PPPAs have been made, the following steps will be adhered to regarding maintenance of the process:

1. If a PPPA becomes vacant, the PPPA will be filled through the continuous bid process. Unless specifically authorized by the Bargaining Unit 6 MOU these procedures or local mutual agreement, the designation of a particular post as a PPPA cannot be altered in any fashion without fulfilling the notice requirements of Section 27.01 of the Unit 6 MOU.

2. Employees displaced from a PPPA as a result of a deactivation will be placed in an assignment with the same RDOs if available, and substantially similar start/stop times.
3. Upon activation, all activated posts will be subject to subsection A. METHODS, of this procedure. Newly designated PPPAs will be subject to the continuous bid process.
4. Upon written request of an employee to vacate a PPPA, management may, at its discretion, approve the employee's movement to a management position. Such movement will be without regard to watch, RDOs or start/stop times.
5. An employee shall be permitted to rebid to the same PPPA. Should the employee be successful in their bid attempt, the employee will be subject to all provisions of this procedure as if assigned for the first time.
6. Employees shall not be permitted to remain in any PPPA in a high stress area, commensurate with the provisions outlined in DOM Section 33010.30.2, unless exempted by the Appointing Authority. The employee may rebid for a PPPA in a high stress area after one (1) year in a non high stress assignment.
7. If after the bid process has occurred the RDOs and start/stop times attached to a post are significantly changed, the affected employee may choose to remain in the post; and/or participate in the continuous bid process.
8. An employee may not be removed from a PPPA based upon the issuance of a LOI.
9. An employee may be temporarily removed from a PPPA pending a personnel investigation/EEO investigation, but will be assigned to substantially similar start/stop times and RDOs. Once the investigation has been concluded and if the charges have not been substantiated, the employees may be returned to their PPPA.
10. Any PPPA not bid during the bid period by an eligible employee shall temporarily revert to management, and be subject to the continuous bid process.
11. For purposes of expressing a personnel preference, the Chapter President/Chief Job Steward(s) shall be given "super" seniority in order to select a PPPA. When an employee is removed from his/her position as a Chief Job Steward they will be subject to the guidelines of the Conditional Bid Process.
12. Upon completion of the Apprenticeship period, an otherwise eligible employee, may participate in the PPPA continuous bid process.

13. Unless otherwise allowed by this procedure, once an employee has successfully been assigned to a PPPA, the employee may only be moved involuntarily for cause. As used in this context, cause is NOT interpreted as adverse in nature or substandard for purposes of a performance appraisal. The supervisor must document the specific reasons for removing the employee from the PPPA and provide a copy to the employee. The employee must then be placed in an assignment with the same RDOs and substantially similar start/ stop times. The vacated PPPA will be subject to the continuous bid process. If the employee disagrees with the reasons for the removal from the PPPA, the employee can grieve the change, within twenty-one (21) calendar days of notification, directly to the Appointing Authority. This grievance must be heard, and a written response provided, by the Appointing Authority within fourteen (14) calendar days. The grievance may not be appealed beyond the Appointing Authority. The grievance shall not postpone any such removal for cause.
14. If an employee is to be removed from a PPPA, as a result of an adverse action, the removal will be upon the effective date of the adverse action related to job performance (upon the conclusion of the *Skelly* hearing process and/or time frames associated with that process). Such movement will be to the same watch, without regard to RDOs or start/stop times. The employee will not be eligible to participate in the PPPA process for one (1) year period. The vacated PPPA will be subject to the continuous bid process. The Appointing Authority may exclude the employee from bidding to a specific assignment area for the remainder of the bid period and subsequent bid period.
15. In reference to subsection B.1.c., an employee may be removed from the PPPA upon receipt of the final copy of a substandard performance evaluation. Such movement will be to a post with substantially similar start/stop times. The vacated PPPA will revert to the continuous bid process. The employee will not be permitted to participate in the PPPA process for a one (1) year period.
16. An employee who is in a PPPA post may be assigned alternative duties as necessary, not normally to exceed 4 hours of their shift except in an emergency i.e. incident or aftermath of an incident or during a lockdown/modified program.

I. Gender Restrictive Posts

The filling of a gender restrictive post for proposes of overtime, vacation/holiday relief, military leave or other temporary basis will be made regardless of gender. Management will adjust the gender restrictive post's duties as necessary.

J. DISPUTES

All disputes concerning PPPA issues, that are unable to be resolved at the local level shall be directed to the Joint Labor/Management Committee for final resolution, as the final level of review. The Joint Labor/Management Committee shall be comprised with equal representation of three (3) persons appointed by the ~~Director~~ Secretary of Corrections CDCR and CCPOA, respectively. Disputes will be resolved by majority vote.

K. REALIGNMENT OF 70/30 SPLIT & SUBSEQUENT REBID

Within 90 days of ratification of the MOU by union and legislature, a realignment and subsequent bid process will begin in accordance with this provision.

### 13.06 Industrial Disability Leave

- A. Employees who suffer an industrial injury or illness and would otherwise be eligible for temporary disability benefits under the Labor Code will be entitled to Industrial Disability Leave as described in Article 4 of the Government Code, beginning with section 19869. Industrial Disability Leave will be paid in lieu of temporary disability benefits.
- B.A. ~~For periods of disability commencing on or after January 1, 1993, e~~  
Eligible employees shall receive IDL payments equivalent to full net pay for the first twenty-two (22) work days after the date of the reported injury.
- C.B. In the event that the disability exceeds twenty-two (22) work days, the employee will receive sixty-six and two-thirds percent (66%) of gross pay from the 23rd work day of disability until the end of the 52nd week of disability. No IDL or payments shall be allowed after two (2) years from the first day (i.e., date) of disability.
- D.C. The employee may elect to supplement payment from the 23rd work day with accrued leave credits including annual leave, vacation, sick leave, or compensating time off (CTO) in the amount necessary to match, but not exceed, full net pay. Full net pay is defined as the net pay the employee would have received if he/she had been working and not on disability. Partial supplementation will be allowed, but fractions of less than one (1) hour will not be permitted. Once the level of supplementation is selected, it may be decreased to accommodate a declining leave balance but it may not be increased. Reductions to supplementation amounts will be made on a prospective basis only.
- E.D. Temporary Disability (TD) with supplementation, as provided for in Government Code Section 19863, will no longer be available to any state employee who is a member of either PERS or STRS retirement system during the first fifty-two (52) weeks, after the first date of disability, within a two (2) year period. ~~Any employee who is already receiving disability payments on the effective date of this provision will be notified and given thirty (30) days to make a voluntary, but irrevocable, change to the new benefit for the remainder of his/her eligibility for IDL.~~
- F.E. If the employee remains disabled after the IDL benefit is exhausted, then the employee will be eligible to receive TD benefits as provided for in Government Code Section 19863, except that no employee will be allowed to supplement TD payments in an amount which exceeds the employee's full net pay as defined above.

G.F. ~~In the event that an employee is determined to be "permanent and stationary" by his/her physician before the IDL benefit is exhausted, but is unable to return to work, he/she must agree to participate in a vocational rehabilitation program. Refusing to participate will result in immediate suspension of the IDL benefit.~~

IDL may continue beyond the physician's statement that the employee's condition is "permanent and stationary" provided the employee has not exhausted his/her eligibility for IDL benefits, the employee has been declared a "qualified injured worker", and the employee would otherwise be entitled to Vocational Rehabilitation Maintenance Allowance (VRMA). IDL would be paid in lieu of VRMA.

H.G. All appeals of an employee's denial of IDL benefits shall only follow the procedures in the Government Code and Title 2. All disputes relating to an employee's denial of benefits are not grievable or arbitrable. This does not change either party's contractual rights which are not related to an individual's denial of benefits.

### 15.09 K-9 Duty Compensation and Overtime

The State agrees to compensate canine officers for routine time spent for canine care outside the regular work schedule at the prevailing federal or state minimum hourly rate per hour, whichever is greater. The parties further agree that routine daily canine care generally requires up to sixteen (16) hours each pay period beyond an officer's regular work schedule. This daily "routine" K-9 care will be compensated based on the prevailing federal or state (whichever is greater) minimum hourly wage at time-and-one-half hourly rate. The officer is only pre-approved for up to sixteen (16) hours per pay period. The officer will submit this overtime via the daily timekeeping process and it will be in addition to any other regular overtime the officer may have worked.  
  
If an officer needs to exceed the maximum daily routine care time allotment noted in A. above, the officer must obtain his/her supervisor's approval prior to exceeding the maximum. The officer must justify the need to exceed the maximum in writing.
- B. Daily routine care performed outside the regular work hours consists of various tasks such as feeding, grooming, medicating, exercising the dog(s), performing incidental maintenance training, spraying for pest control in the area, and preparing and cleaning the living space for the dog(s).

### **15.10 401 (k) Plan**

Employees in Unit 6 are to be included in the State of California, DPA's 401 (k) Deferred Compensation Program.

#### **DEFERRED COMPENSATION**

The State of California will have two (2) voluntary deferred compensation programs under Sections 457 and 401 (k) of the IRS Code.

The IRS has approved the State's 1985 request for a 401 (k) program. A single state plan paralleling the 457 will be provided to employees.

The 401 (k) is a currently qualified trust, which is subject to the 1986 and 1987 tax code revisions. As a result it will be, at least initially, more advantageous for those earning less than \$66,000 per year, subject to COLA.

401 (k) programs hold in trust employees' money while the 457 holds State money in trust for the employee.

Currently, the 401 (k) has the following provisions which differ from the 457:

- Allows for a loan provision whereby an employee can borrow against his/her fund;
- Allows IRAs to be rolled into the 401 (k) fund or out of 401 (k) into an IRA without first taxing;
- Allows for a five (5) year forward averaging when the funds are drawn out;
- Allows for a maximum contribution which increases each year by the increase in the national CPI rate.

Penalizes persons earning over \$66,000 by reverting contribution for taxing purposes if the plan's ratio of contribution by higher paid employees substantially exceeds lower paid.

IRS changes may make the 401 (k) program unattractive in the future. As a result, the State intends to offer the same investments to both the 457 and 401 (k) participants to assure both funds earn maximum interest. If the 401 (k) must be eliminated in later years, employee funds will be protected.

### 15.11 Salary Definitions

For the purpose of salary actions affecting employees, the following definitions shall apply.

- A. "Salary range" is the minimum and maximum rate currently authorized for the class.
- B. "Step" is a five percent (5%) differential above or below a salary rate, rounded to the nearest dollar.
- C. "Rate" for employees compensated on a monthly basis is any one of the full dollar amounts found within the salary range and, for employees compensated on a daily or hourly basis, any one of the dollar and cents amounts found within the salary range.
- D. "Range differential" is the difference between the maximum rate of two (2) salary ranges of the pay plan.
- E. "Substantially the same salary range" is a salary range with the maximum salary rate the same as or less than two (2) steps higher or lower than the maximum salary rate of another salary range.
- F. "Higher salary range" is a salary range with the maximum salary rate at least two (2) steps higher than the maximum salary rate of another salary range.
- G. "Lower salary range" is a salary range with the maximum salary rate at least two (2) steps lower than the maximum salary rate of another salary range.
- H. Under paragraph B., one step higher is calculated by multiplying the rate by 1.05 (rounded) (e.g., \$2,300 x 1.05 = \$2,415.00 [rounded to \$2,415]). One (1) step lower is calculated by dividing the rate by 1.05 (rounded) (e.g., \$2,415 divided by 1.05 = \$2,300.00 [rounded to \$2,300]).
- I. Under paragraphs E., F., and G., two (2) steps higher is calculated by multiplying the rate by 1.05 (rounded) and then multiplying the result by 1.05 (rounded) (e.g., \$2,300 x 1.05 = \$2,415.00 [rounded to \$2,415]; \$2,415 x 1.05 = \$2,535.75 [rounded to \$2,536]). Two (2) steps lower is calculated by dividing the rate by 1.05 (rounded) and then dividing the result by 1.05 (rounded) (e.g., \$2,536 divided by 1.05 = \$2,415.2381 [rounded to \$2,415]; \$2,415 divided by 1.05 = \$2,300.00 [rounded to \$2,300]). This method is referred to as the Universal Salary Schedule calculation.

Unless otherwise provided by SPB, the lowest salary range currently authorized for the class is used to make salary comparisons between classes. Any rate falling within the salary range for a class may be used to accomplish appropriate step differentials in movements between classes and salary ranges.

### 15.12 Overpayments/Payroll Errors (Accounts Receivable)

- A. This provision applies when the State determines that an overpayment has been made to an employee. "Overpayment" is defined as cash or time off that has been overpaid, regardless of the reason.
- B. When an employee is overpaid or owes the State money, the employee shall be given reasonable individual notice in writing prior to the State establishing an accounts receivable. Employees assigned to camp positions will be provided written notice of any overpayment. This notice will be sent certified mail/return receipt requested.
- C. If an overpayment occurs, reimbursement shall be made to the State through one (1) of the following methods:
  - 1. First, in cash payment(s) mutually agreed to by the employee and the State; or
  - 2. Installments through payroll deduction to cover the same number of pay periods in which they are accrued, provided the full amount is recovered in one (1) year or less. Where over-payments have continued for more than one (1) year, full payment may be required by the State through payroll deductions over the period of one (1) year. In those cases involving large accounts receivables, longer periods of replacement may be agreed to; or
  - 3. Upon employee request, the overpayment shall be satisfied by use of leave credits, excluding sick leave.
- D. In any event, the maximum part of the aggregate disposable earnings of an individual for any pay period which may be subject to garnishment may not exceed twenty-five percent (25%) of his/her disposable earnings for the pay period. The term "garnishment" means any legal or equitable procedure (including, but not limited to, tax payments, child support payments, spousal support payments, earnings withholding orders, and accounts receivable) through which the earnings of any individual are required to be withheld for payment of any debt.
- E. If an employee who was given an advance, signed a waiver and should have reasonably known that the overpayment occurred, the schedule of repayment may be determined by the State, and will not be subject to paragraphs C. above and H. below.

- F. An employee whose employment is terminated prior to full repayment of the amount owed shall have withheld from any money owing the employee, upon termination, an amount sufficient to provide full repayment. If the final amount owed to the employee is insufficient to provide full reimbursement to the State, the State shall have the right to exercise any and all other legal means to recover the additional amount owed.
- G. No provision of this section shall supersede the current procedure for the correction or repayment of errors or other losses directed by third parties covering areas such as insurance, retirement, social security, court ordered payments or disability pay.
- H. The State agrees to hold CCPOA harmless with respect to reasonable legal expenditures, costs and/or judgments.
- I. If the employee believes an overpayment did not occur, or that the repayment schedule is not equitable, he/she may appeal by grievance at the second level within ten (10) work days of the notice of overpayment. No action shall be taken to establish an "accounts receivable," if a grievance has been filed, until after the Department has responded to the grievance at the third level.
- J. In CDCR , if an accounts receivable is established because an employee has failed to submit a completed "998" pursuant to the 998A Agreement (see Sideletter #4), the employee may file a grievance at the second level of review. If the grievance is not resolved, the grievance may be appealed to arbitration under the mini-arb process pursuant to Article VI of this MOU. The arbitrator may order the reversal of the accounts receivable if he/she finds there are mitigating circumstances for failure to submit the 998A, or if the State fails to follow the correct process as outlined in the Agreement.
- K. No administrative action shall be taken by the State to recover an overpayment unless the action is initiated within three (3) years from the date of the overpayment.

### 16.03 Early Intervention Program/Work Injuries

- A. [CDG Adult](#) and [GYA DJJ](#), in conjunction with CCPOA and other recognized employee bargaining unit representative associations are initiating a voluntary Early Intervention program within the Workers' Compensation field at every Unit 6 institution, facility, camp and parole region. Early Intervention seeks to insure, before it becomes necessary to engage an attorney, that interested employees involved in Workers' Compensation cases are fully informed of available options by an authorized, independent Early Intervention Counselor and are evaluated by the services of a mutually-agreed upon, independent medical panel to assist in expeditiously reaching timely decisions regarding compensability for qualifying employees. Important to this program is the fact that the Early Intervention counselors, the medical panel, and the rehabilitation counselors are picked by the departments in conjunction with CCPOA and the other recognized employee representative associations. Additionally, a primary goal of the Early Intervention program is to assist, if possible, expedited return to work of the injured employee; using where applicable, such concepts as, but not limited to, temporary limited-duty assignments; the employee being provided, if necessary, with special equipment; or job-site modification; or the retraining of the employee, and the provision of an alternate job in the same department or another state department.

If you desire further information regarding this program, you may call CCPOA's "Early Intervention Coordinator" at (800) 821-6443, or call your local CCPOA office, or contact the State's "Return to Work Coordinator" at your worksite. Additionally, CCPOA should have a local, institutional or parole region, Job Steward designated as an Early Intervention ombudsman who hopefully can help you.

- B. The State will conduct no meetings of local selection committees to choose additional Early Intervention counselors without a prior written notice to CCPOA's main office in Sacramento. Such notice will be provided at least fourteen (14) calendar days in advance of the proposed date. The parties shall then select a mutually satisfactory date for said selection committee to convene on.
- C. Disputes regarding this section shall be grievable only up to the Department Director or designee, which shall constitute an exhaustion of administrative remedies.

### 18.04 CYA DJJ Field PA Workload

- A. Cases that go into custody or on to missing status should have case count credit calculated at 1.0 after 30 days.
- B. Administrative caseloads will not be assigned to the case carrying Parole Agents. Telephonic contact for this caseload shall not routinely be handled by the Parole Agents. Emergency/crisis situations (e.g. violations) may be distributed on a rotational basis to case carriers currently below caseload maximum. However, immediate emergency/crisis situations may be assigned to the OD.
- C. In covering cases for Agents who are out on extended sick leave, high service/high risk cases will be equitably distributed to other PAs within the Parole unit. Agents receiving redistributed cases will not exceed the case credit maximum. The remaining cases will be placed on an administrative caseload.
- D. All Field Parole offices will routinely receive facsimile notification of Field PA vacancies (existing and/or newly created). Vacancies filled by management due to hardship or employee right of return will be designated on the notice form.
- E. CCPOA will be provided by January 1, 2002 or sooner the policy and procedures created to increase the cooperative efforts between Institutions and Camps Branch Division of Juvenile Facilities (DJF) and Parole Services and Community Corrections Branch- Division of Juvenile Parole Operations (DJPO) concerning housing for parole violators.
- F. Once a supervisor approves deviations from casework standards, an office audit shall not be cause for an agent to receive discipline whether formal or informal.
- G. Only Sex Offender and Mental Health PA II Specialists will service and supervise Sex Offender and Mental Health cases. Training for those staff shall occur within six (6) months of assignment to service those specific cases.

Routine backup shall not be assigned to the PA Is. However, the cases that are stabilized may be reassigned to a PA I. Should these cases assigned to the PA I significantly impact the PA's workload, the agent may then request a meeting with their supervisor(s). As a result of the meeting the supervisor may:

- 1. Reduce workload by lowering service contact level on appropriate Case Management case(s).
  - 2. Redistribute case to an administrative caseload.
  - 3. Reassign the case back to the PAII Specialist through the crisis case staffing process.
- H. Management agrees that student interns will not independently have case supervision responsibilities. Student interns may only assist case carrying PAs in the performance of the agent's duties under the direct supervision of the agent/supervisor.

PAs who regularly perform the following assignments will not be given case credits beyond 52:

- 1) Special programs; i.e., Academic programs; Parenting, Drug Abuse and Counseling, etc.
- 2) Institution Pre-Parole Classes
- 3) Gang Information Coordinator
- 4) Public Speaking/Job Fairs
- 5) Any and all additional parolee self-help groups, educational programs and/or community public relation projects.

These assignments shall be made by the following progressive procedure:

- 1) Announce the need for a volunteer at staff meeting
- 2) Approach Agents individually to **determine** interest
- 3) Assign an Agent with the understanding that they can decline
- 4) Make the assignment to the least senior Agent in the office who is not already carrying a secondary assignment.

Management agrees to free up PA time on their OD day by 1) developing uniform prioritized parole office clerical telephone answering procedures (rather than routinely sending most incoming calls to the OD).

#### **PS&CC DJPO General Policy**

To the extent possible, PA caseloads shall be balanced. Toward this end, Supervising or Assistant Supervising PAs will schedule caseload assessments during routine case conferences no less than quarterly. The following caseload assessment procedure will be utilized in maintenance of parole unit workload balance.

**Step #1** Determine the total number of each case "type" and multiply that number by the case type "multiplier."

**Case Type Count x Multiplier = Case Type Credit Total**

**Step #2** Add all case type credit totals for the caseload "case credit" total.

"x" Case Type Count x Multiplier = Case Type Credit Total

"y" Case Type Count x Multiplier = Case Type Credit Total

"z" Case Type Count x Multiplier = Case Type Credit Total

Total Caseload Credit (52, + or -5)

The assigned multiplier value for each case type is determined through dividing the standard or "base" caseload of 52 by the approved number of cases per caseload for that type of case (e.g., the EEPRP multiplier value is 3.5, or 52/15). Case count and multiplier values for designated case types are identified in the following table.

<b>Case Type</b>	<b>Case Count</b>	<b>Multiplier</b>
Intensive Re-Entry	15	3.50
EEPRP	15	3.50
Specialized (PA II)	30	1.75
Case Management/Z Cases	52 (base)	1.00
Substance Abuse Cases/GSP Pure Caseload	30	1.75

The procedure allows for mixing of differing types of cases (e.g., Specialized PA II) and cases assigned to programs with reduced case count assignment levels (e.g., EEPRP). In establishing and maintaining caseload equity, a deviation from the base 52 of plus or minus five (5) “cases” is acceptable, in consideration of periodic parole unit case count fluctuations and operational requirements.

Only PA II Specialists will receive 1.75 multiplier credit for [CYA DJJ](#) commitment cases designated “specialized.” When other case types are included in a PA II Specialist caseload, the multiplier credit assigned those case types will be granted (see example Caseload No. 2).

Quarterly caseload reconciliation may include one or more of the following adjustments:

Provide overtime in accordance with PSM 2040 and Article 11.11 of the Collective Bargaining Agreement between the State and CCPOA. Any changes to 11.11 shall be reflected/applicable to the Agreement.

Fill vacant positions and/or new positions in a timely manner.

Reduce workload by reclassifying appropriate cases from Intensive Re-entry to Case Management so that “case count” is 57 or less. (LEAD and EEPRP Program cases may not be reclassified.)

Reduce workload by lowering service/contract contact level on appropriate Case Management cases. (This action does not impact “case count” reduction, but may be the only short term option available in remote “Resident Agent” locations.)

Redistribute cases to an administrative caseload (when the case carrying Agents are at caseload maximum) in the following order: Institutional Escapees, INS cases, Missing, Minimum Service Designated or In-Custody cases, Case Management cases, within parole unit, preferably at appropriate casework transaction points.

#### **EQUITABLE CASELOAD EXAMPLES**

	Case Type	Cases	Multiplier	Case Credit
Caseload #1	Intensive Re-Entry	5	3.50	17.5
	EEPRP	2	3.50	7.0
	Case Management	28	1.00	28.0
			Total	52.5
Caseload #2	Intensive Re-Entry	5	3.50	17.5
	Specialized (PA II)	20	1.75	35.0
			Total	52.5
Caseload #3	Intensive Re-Entry	7	3.50	24.5
	EEPRP	6	3.50	21.0
	Case Management	6	1.00	6.0
	Z-Case	1	1.00	1.0
			Total	52.5

### 19.03 CDC ADULT PA Work Week

A. Parole Agents (excluding PAL Agents)

The normal work schedule for CDC Adult PAs shall be a four (4) or five (5) day work week, as dictated by the workload, and approved by the supervisor in accordance with paragraph D. below. The Agent may schedule, with supervisory approval, other than an eight (8) or ten (10) hour day. The work week shall start on Monday and end on Sunday.

PAs may elect the daily start and stop times, with the exception of the Officer of the Day duty.

Work hours, subject to supervisor approval, will be scheduled between 6:00 a.m. and 10:00 p.m., except as emergency and operational needs dictate. The work day may include, at an employee's discretion, no meal break, or an optional one (1) hour, or one-half ( $\frac{1}{2}$ ) hour meal break which shall occur approximately in the middle of the work day.

B. No work will be routinely scheduled between the hours of 10:00 p.m. and 6:00 a.m. Each work day will be a minimum of at least four (4) work hours and a maximum not to exceed twelve (12) work hours, except as emergency and operational needs dictate.

C. Work schedules shall include a minimum of four (4) evenings per month. These mandated evenings shall be in the field, except if previously waived by the supervisor. This waiver will be the exception rather than the norm. These mandated evenings each month will be worked until at least 7:00 p.m. **This shall not prohibit Agents from scheduling additional voluntary evenings.**

D. Each PA shall submit a proposed work schedule to the supervisor for each month at least seven (7) calendar days, but no more than fourteen (14) calendar days, prior to the beginning of the scheduled month for supervisory approval. The State shall develop and standardize a work schedule form to be utilized statewide. The schedule will represent all work hours which shall include all work days, weekend work, evening work, days off, Officer of the Day duties, four (4) hours of 7K activity, and other special assigned responsibilities.

The supervisor shall ensure that all Agents comply with the scheduling requirements of the contract and the meeting of operational needs. The supervisor shall approve the work schedule at least three (3) days prior to the scheduled month, unless it can be documented that the scheduled work hours as submitted would be detrimental to the needs of the office or would hinder the PA in the performance of his/her duties and responsibilities. **This documentation shall be provided if requested by the employee.** If the PA does not submit a monthly work schedule, the supervisor will assign the work schedule.

During the scheduled month, the supervisor may occasionally adjust the work hours based on operational needs with written justification to the PA. This adjustment shall not be intended to avoid the assignment of overtime. PA requested changes in the work schedules, excluding emergencies, will require prior supervisory approval. PAs will advise the supervisor of emergency changes no later than the next work day.

- E. Recognizing the need for representatives from local enforcement agencies to contact PAs during non-scheduled work hours and days about parolee/ inmates assigned to their supervision, PAs shall have their home telephone or contact number on file with all local law enforcement agencies in the geographical area covered by the PA's assigned unit. A state contracted answering service will comply with the above needs.
- F. Should a PA need to respond in person to such calls, the Agent shall receive a minimum of four (4) hours call-back and shall be compensated in accordance with other provisions of this MOU.
- G. Travel Time:
  - 1. Office days: When a PA has an "officer of the day duty" or when he/she has to go to the office at the beginning of his/her shift, the Agent shall be paid beginning at the time of arrival at the office, unless that agent began his/her workday in the field.
  - 2. Field days: When the PA leaves his/her home and travels to a field contact, hours of work shall start on the arrival of the Agent at the field contact location. If it takes longer to travel from the PA's home to the field contact location than the amount of time it takes the PA to travel from his/her home to the office, then the PA's work time shall start at the interval of time the PA usually uses to get to work.
  - 3. Emergencies or call-back: If the PA is requested to respond to an emergency or suffers any other work before arriving at the office, field contact location, or traveling for the period of time it usually takes to get to the office, the PA's work day shall start at the moment he/she suffers work.
  - 4. The Department shall enforce the forty (40) mile resident limit for all PAs with a home storage permit, except for the following counties: San Mateo, San Francisco, Monterey, Alameda, Santa Clara and Los Angeles will have a sixty-five (65) mile resident limit.

In submitting his/her schedule for supervisory approval, each Correctional Counselor will propose whether or not he/she will take a lunch break during the period of time which is covered by that schedule. The supervisor shall approve the work schedule at least three (3) days prior to the scheduled work period, provided it meets the Correctional Counselor's duties, responsibilities and institutional need, and the definition of a normal work schedule as identified in paragraph A. above. If a requested work schedule is denied, the reasons for the denial will be given to the employee in writing upon. All denials must be based on case circumstances specific to a counselor's duties rather than "blanket denials." If the Counselor does not submit a work schedule, the supervisor will assign the work schedule.

### 21.03 MTA (DMH) Program

#### A. MTA Minimum Qualifications:

1. DMH may recruit prospective MTAs while they are attending LVN/RN, or Psychiatric Technician (PT) school, or have graduated from such a school or course, provided that the prospective MTA successfully obtains an LVN/RN/PT license ~~and completes one (1) year of work experience rendering patient or nursing care (accumulated part-time work may be used to meet this one [1] year requirement) prior to employment.~~
2. This section does not negate the ability of the Department to hire eligible prospective employees from the military who have not yet obtained an LVN/RN/PT license. Such persons, if hired, will still have the requisite six (6) months in which to obtain the LVN/RN or PT license. If they obtain the LVN/RN or PT license within the first six (6) months of employment, they must then complete all the other training requirements imposed by this section. ~~or CPOST~~

- B. DMH agrees to afford all MTAs the Psychiatric Technician Licensure Program on a voluntary basis. This training program must be approved by CPOST prior to being offered to MTAs.
- C. DMH may provide some or all of the PT training during normal work hours. (To the extent this is not possible, the training will be afforded during the off-duty time of the MTA apprentices. Off-duty training afforded to MTA apprentices will be on their own time without pay.)
- D. DMH agrees to assist in adjusting work schedules for MTA apprentices in order to accommodate any "related and supplemental" training requirements.
- E. ~~Within sixty (60) days of ratification of this MOU, the State and CCPOA shall meet to develop an MTA's new employee orientation which shall include eighty (80) hours formalized training specific to the duties of the class. ### 21.04 MTA-(CYA) DJJ Program

#### A. MTA Minimum Qualifications:

1. ~~CYA DJJ may recruit prospective MTAs while they are attending LVN/RN school, or have graduated from such a school or course, provided that the prospective MTA successfully obtains an LVN/RN license and either obtains a certificate or completes one (1) year of work experience rendering patient or nursing care (accumulated part-time work may be used to meet this one [1] year requirement) prior to employment.~~
2. This section does not negate the ability of the Department to hire eligible prospective employees from the military who have not yet obtained an LVN/RN license. Such persons, if hired, will still have the requisite six (6) months in which to obtain the LVN/RN license. If they obtain the LVN/RN license within the first six (6) months of employment, they must then complete all the other training requirements imposed by this section or EPOST\_OTPD.

B. All existing LVN-MTAs will be afforded an opportunity to obtain an RN license on a voluntary basis. The Department will prepay for an RN licensure course through the New York State Regents or an equivalent program acceptable to the RN Licensing Board at the MTA's option and departmental approval. This will be afforded to all MTAs who do not currently possess an RN license and will subsidize the thirty (30) unit course at an approximate cost of up to \$3,200 per MTA. If the MTA fails to complete the course, they will be expected to repay the entire cost of the course.

C. ~~CYA DJJ~~ agrees to assist in adjusting work schedules for MTAs who are assigned rotating, irregular shifts (i.e., VR, PIE) in order to accommodate any testing requirement of the New York State Regents course or equivalent, and the National Council Licensure Examination. The Department also agrees to assist in adjusting work schedules to facilitate completion of required courses.

D. All MTAs who were or will be hired from military service will continue to be afforded six (6) months in which to obtain an LVN license. In the event that an MTA hired from the military can successfully challenge the RN Board and obtain licensure, they will be exempt from the RN training course as contained in this MOU.

1. All prospective LVN-MTAs will be afforded the New York Regents RN course or equivalent program, on a voluntary basis, as provided in this MOU.

2. It is not the intent of ~~CYA DJJ~~ to eliminate the use of the MTA classification. All efforts will be made to recruit additional MTAs to fill existing and future MTA vacancies. These MTAs may have an RN license at their time of hire. RN licensed MTA posts will be maintained as a Peace Officer class of Bargaining Unit 6 and will be filled with MTAs. Should ~~CYA DJJ~~ choose to eliminate the use of the classification in the future, notice will be issued~~s~~ in accordance with section 27.01.

~~E. Implementation: The RN training course will commence as soon as economically feasible after January 1, 1998.~~

~~F.G.~~ If ~~CYA DJJ~~ establishes CTCs, CCPOA and ~~CYA DJJ~~ agree to re-open this section of the MOU in accordance with Section 27.01.

~~G.~~ Within sixty (60) days of ratification of this MOU, the State and CCPOA shall meet to and develop an MTA's new employee orientation which shall include eighty (80) hours of formalized training specific to the duties of the class.   - 1. Any MTA who fails to obtain and maintain the required licensure or certificate(s) will be immediately placed on Leave of Absence Without Pay.
  - 2. ~~CYA DJJ~~ agrees to only reimburse its MTAs for either the LVN or RN license, not both. Once a ~~CYA DJJ~~ MTA has obtained an RN license, the Department will only reimburse the MTA for the RN license.
  - 3. DMH agrees to reimburse its MTAs for either the LVN or PT license. Once an MTA has obtained a PT license, DMH will reimburse that MTA a minimum of \$90.
  - 4. ~~CDG Adult~~ agrees to reimburse its MTAs for either an LVN or RN license, but not both. If an MTA already has an RN license, that will be the license/renewal for which the Department will reimburse the MTA.
- B. Each Department agrees to reimburse MTAs who, with prior approval of the Appointing Authority, have incurred expenses as a result of satisfactorily completing continuing education courses approved by the Department and required to maintain a current licensure and/or recertification and continuing education requirements. Such reimbursement shall be limited to tuition and/or registration fees and cost of course-required books.
- C. Each department will assure that at least sixteen (16) hours of continuing education courses shall be made available to each MTA- per fiscal year. - 5. It will be the SYCC's responsibility to provide the YCC with sufficient opportunity to use the assigned casework and small group time to complete his/her formalized casework.
- 6. YCCs and SYCCs will meet to discuss casework needs and modify the schedules monthly. By the 25th day of each calendar month, the IPA and SYCC must inform each YCC who provides casework to the PA, what reports and other casework are due between zero and thirty (0-30) calendar days from the beginning of the upcoming calendar month and what reports and other casework are due between thirty-one (31) and sixty (60) calendar days from the beginning of the upcoming calendar month. These documents shall be maintained for a period of one (1) year, and made available to the Chief Job Steward to copy in cases of dispute.

11. The parties agree to establish local Forms Management Committees to review the paperwork currently required as part of the YCC's overall casework responsibilities. They will make every effort to ensure the casework process is efficient and timely.

## 24.05 Post and Bid by Seniority for DJJ YCCs Preferred Watch/Regular Days Off by Seniority

### A. Shift Assignments by Seniority (Watch/Regular Days Off Preference):

There shall be seventy percent (70%) of the Youth Correctional Counselor (YCC) watch and Regular Day Off (RDO) assignments in the CDCR's Division of Juvenile Justice (DJJ) assigned according to seniority at each facility. Employee participation in the watch/RDO preference selection process is voluntary. For purposes of this section, the term "assignment" is synonymous with the term "position."

### Watch and RDO Assignments by Seniority:

1. Upon mutually agreed upon dates, CDCR management and the CCPOA will conduct a series of planning and implementation meetings in Sacramento to discuss the watch/RDO process.
2. Within ninety (90) days of ratification of this MOU, seventy percent (70%) of the YCC RDO assignments on each watch at each facility shall be assigned on a seniority basis, excluding any camp, community correctional facility, parole region, or headquarters division and thirty percent (30%) shall be assigned at CDCR management's discretion.
3. This section is limited to YCCs with permanent, full-time status who are permanently assigned to and working at a facility. Eligible employees may participate only in their facility's watch/RDO preference selection process. Apprentices are excluded from the rights and privileges of this section.
4. Implementation Phase
  - a) On each watch, seventy percent (70%) of all watch/RDO assignments will be filled on a seniority basis. CDCR management at each facility, in conjunction with the Local CCPOA Chapter President, will calculate this number.
  - b) Seniority Scores shall be posted at a location to be determined and communicated by the Superintendent.
  - c) The standard forms and procedures for assignment of seniority watch/RDO's will be discussed in the planning and implementation meetings in Sacramento.
  - d) Failure of an employee to complete a watch/RDO preference will result in the employee being assigned at CDCR management's discretion without regard to watch, RDOs or start/stop times. This assignment, however, shall not count towards CDCR's 30%.

- e) The initial watch/RDO assignments will be published by and available at the facility.

## 2. Maintenance Phase

After the initial watch/RDO assignments have been made, the following steps will be adhered to regarding maintenance of the system:

- a) In order to participate in and maintain preference rights and privileges under this section, the employee must maintain standard or better over-all performance ratings, and be free from Adverse Personnel Actions for the preceding three (3) years, unless a specific exemption is made by the appointing power.
- b) An otherwise eligible employee absent from the worksite during the preference selection process for such reasons as NDI, Workers' Compensation, leave of absence, annual military leave, etc., may participate in the process. Employees who are successful in obtaining a watch/RDO assignment must assume the duties of such watch/RDO within one (1) year of the posting of the preference selection results. Until such time as the employee occupies the watch/RDO assignment, it temporarily reverts to the conditional bid process.

In the event the employee is unable to assume the duties of the watch/RDO assignment within one (1) year, the employee will be assigned at CDCR management's discretion. This assignment, however, shall not count towards CDCR's 30%.

- c) Submissions for watch/RDO preference will be conducted on a continual basis in conjunction with 70/30 watch/RDO preference requests.
- d) Upon completion of the apprenticeship period, an otherwise eligible employee may submit, in writing, his/her seniority watch/RDO preference request as seniority watch/RDO's become vacant. The most senior, eligible, employee requesting the seniority watch/RDO shall be assigned to it. Once assigned, the employee shall remain in that watch/RDO until the next watch/RDO bid.
- e) Nothing in this section abridges CDCR management's right to determine if an employee possesses the requisite knowledge, skills, abilities and other necessary and desirable qualifications for an assignment.
- f) If for some reason other than specified above, it becomes necessary to job change an employee who has exercised his/her watch/RDO preference, that employee shall be job changed to a new position possessing the same RDOs on the same watch.
- g) Assigned RDOs will not normally be realigned. If RDO realignment becomes necessary based upon an operational need, CDCR management will meet and discuss any potential changes with CCPOA prior to implementation of such realignment. A realignment of watch/RDO preference requests may be conducted at any time, however, upon mutual agreement of the Superintendent and the Local CCPOA Chapter President.

- h) For purposes of expressing an watch/RDO preference assignment, the Chief Job Steward shall be given "super" seniority in order to select an assignment with Saturdays and Sundays off, if he/she so chooses.

3. Challenging Seniority Dates

- a) Employees alleging seniority scores computed in error shall submit the complaint to the Superintendent or his/her designee for resolution within fifteen (15) calendar days of the posting of seniority scores. The Superintendent's or his/her designee's decision shall be final.
- b) Errors in the posting of the seniority scores pursuant to subsection A(4)(b) above will result in the adjustment of the employee's seniority score at his/her facility. If the timing is such that selections and assignments have been made, the employee shall have a right to his/her preferred watch/RDO selection, if the corrected seniority score results in that watch/RDO placement.
- c) Placement of an employee in a watch/RDO assignment due to the discovery and correction of a seniority score shall not be grievable by the employee being replaced. However, that employee will go back on the waiting list for the next available watch/RDO slot matching his/her preference request.

4. Disputes

All disputes concerning the watch/RDO preference selection process that are unable to be resolved at the local level shall be directed to the Joint Labor/Management Committee for final resolution, as the final level of review. The Joint Labor/Management Committee shall be comprised with equal representation of three (3) persons appointed by the CDCR Secretary and CCPOA, respectively. Disputes will be resolved by majority vote.

- ~~A. There shall be seventy percent (70%) of the YCC assignments in CYA allotted according to seniority. Once a YCC successfully bids for a seniority assignment, he/she shall not be eligible to bid again for a twelve (12) month period. An employee who bids to a lock-up unit cannot remain longer than two (2) years without a management waiver. Staff bidding to the Intensive Treatment Programs, Sex Offender Programs (SOP), and Special Counseling Programs (SCP), shall make a commitment of at least two years.~~
- ~~B. In order to remain in the shift assignment of choice, the senior employee must maintain a satisfactory level of performance.~~
- ~~— If there is no interest in the vacant "seniority" shift assignment, management shall fill the assignment by existing rules, policies, and practices. For those shift assignments retained by management, existing rules, policies, and practices, with regard to filling vacancies, shall remain in effect.~~
- ~~— Management shall have the discretion to review and re-designate the selected shift assignments. Nothing in this section shall diminish management's right to carry out departmental goals and objectives nor interfere with management's rights to meet operational needs in making shift assignments. The afore-stated will not be done in an arbitrary or capricious manner.~~

- ~~\_\_\_\_\_ CYA agrees not to alter existing "day off" patterns, unless the Chapter President and the Appointing Authority mutually agree to do so.~~
- ~~C. \_\_\_\_\_ If the local CCPOA Chief Job Steward is a YCC, the Department will hold one (1) seniority second watch assignment with Saturdays and Sundays off vacant for that Chief Job Steward or the Chief Job Steward may use "super seniority" to bid upon any available post. In the event the Chief Job Steward uses "super seniority" to bid upon an available post, the second watch assignment with Saturdays and Sundays off held vacant will revert to conditional bid.~~
- ~~D. \_\_\_\_\_ When an employee requests, local management may approve an exemption to the time frames in paragraph A. above. This will only be done on an exception basis.~~
- ~~E. \_\_\_\_\_ In the event the employer has a legitimate reason to change a seniority bid, the following will occur:~~
- ~~1. \_\_\_\_\_ The local Chief Job Steward and the impacted employee must be notified in writing prior to the change as to the specific reasons for the change.~~
  - ~~2. \_\_\_\_\_ The impacted employee may either: (a) remain in the position, (b) bid to a vacant seniority bid position, or (c) request placement and be placed in a management position with the same RDOs and substantially similar start and stop times as the employee's original bid position. In this latter case, the employee may not remain in the management position longer than twelve (12) months without prior management approval.~~
- ~~F. \_\_\_\_\_ No later than April 1, 2002, all facilities with the ITP, SOP, SCP units will have completed the post and bid implementation process for YCCs.~~

If there is no interest in the vacant "seniority" post assignment, management shall fill the assignment by existing rules, policies, and practices. For those post assignments retained by management, existing rules, policies, and practices, with regard to filling vacancies, shall remain in effect.

Management shall have the discretion to review and redesignate the selected post assignments. Nothing in this section shall diminish management's right to carry out departmental goals and objectives nor interfere with management's rights to meet operational needs in making post assignments. The aforestated will not be done in an arbitrary or capricious manner.
- [CYA DJJ](#) agrees not to alter existing "day off" patterns, unless the local Chapter President and the Appointing Authority mutually agree to do so.
- C. If the local CCPOA Chief Job Steward is a YCO, the Department will hold one (1) seniority second watch assignment with Saturdays and Sundays off vacant for that Chief Job Steward or the Chief Job Steward may use "super seniority" to bid upon any available post. In the event the Chief Job Steward uses "super seniority" to bid upon an available post, the second watch assignment with Saturdays and Sundays off held vacant will revert to conditional bid.
- D. In the event the employer has a legitimate reason to change a seniority bid, the following will occur:
  - 1. The local Chief Job Steward and the impacted employee must be notified in writing prior to the change as to the specific reasons for the change.
  - 2. The impacted employee may either: (a) remain in the position, (b) bid to a vacant seniority bid position, or (c) request placement and be placed in a management position with the same RDOs and substantially similar start and stop times as the employee's original bid position. In this latter case, the employee may not remain in the management position longer than twelve (12) months without prior management approval.

### 25.02 CDC Adult Continuous Hours of Work/Dead Time/Emergencies

- A. Section 11.03 shall not apply to camp officers during emergencies. Once an officer has returned to the camp from an extended emergency (three [3] days and over), the officer shall be afforded one (1) hour to complete all paperwork and clean and repack equipment in order to be ready for the next fire. Subject: ARTICLE 26: PERMANENT INTERMITTENT APPOINTMENTS

### 26.01 Permanent Intermittent Appointments

- A. A Permanent Intermittent appointment is an appointment in which the employee is to work periodically or for a fluctuating portion of the full-time work schedule. A Permanent Intermittent Employee (PIE) may work up to two thousand (2,000) hours in any calendar year.

The number of hours and schedule of work shall be determined based upon the operational needs of each department. The State will make every effort to offer each PIE, not otherwise employed by the State, an average of one hundred (100) hours of work per pay period provided that work is available and the employee is ready, willing, and able to work as needed. The employer is not obligated to offer any hours to a PIE who holds or secures a full-time appointment with any State agency.

- B. ~~Each~~ The department may establish an exclusive pool of PIEs based upon operational need.

1. ~~Each~~ The department will endeavor to provide PIEs reasonable advance notice of their work schedule.

- C. Availability to Work

1. Except in camp settings, PIEs must be available to work all available shifts.
2. PIEs may be assigned regular days off, to a specific watch or area, except by local agreement or when an institutional need arises.
3. In ~~CDC~~ Adult, work assignments will be offered to PIEs based on an alphabetical rotational basis.
4. In ~~CDC~~ Adult, PIEs may be assigned to a post in two (2) week increments. PIEs assigned to these posts will be rotated using the continuous alphabetical listing every two (2) weeks.
5. In ~~CDC~~ Adult, once a PIE accepts work or refuses to work, or contact with the employee was unsuccessful, the employee will not be offered another assignment until his/her name reappears on the alphabetical rotation list.
6. Any refusal to work other than for reasons of verified illness (self or family), jury duty, or military obligations constitutes a waiver.
7. Definitions:
  - a. Contact: Verbal contact with the PIE or other adult living at the PIE's address, a page, or message left on voice mail or an answering machine.
  - b. Waiver: Verbal refusal by the employee to work when offered a work assignment. Failure to respond to an electronic page, voice mail message, or answering machine message does not constitute a waiver.

8. Only three (3) waivers in a twelve (12) month period are permitted. The fourth waiver to accept a work assignment within a twelve (12) month period may result in non-punitive termination proceedings.

D. Nonavailability

1. Upon request, the Appointing Authority may grant a PIE a period of nonavailability not to exceed twelve (12) months during which the employee shall not be charged with a waiver. Nonavailability may be granted based on the employee's enrollment in an educational program or hardship based on a documented family health care problem.
2. Approved nonavailability status may impact the hours of work available to the employee.
3. The period of nonavailability may be revoked based on operational needs.
4. An employee on nonavailability status who files for unemployment insurance benefits shall be immediately removed from such status.

E. The Appointing Authority or designee may grant a PIE limited availability.

F. A PIE earns one (1) "qualifying pay period" for every one hundred sixty (160) hours of paid employment in a monthly pay period or accumulated pay periods. The hours of paid employment in excess of one hundred sixty (160) hours in a monthly pay period shall not be counted or accumulated. When an employee has a break in service or changes to full-time, any combination of time worked which does not equal one (1) qualifying pay period of full-time service shall not be counted or accumulated.

G. Retirement

A PIE qualifies for retirement membership after working one thousand (1,000) hours in a fiscal year (July 1 through June 30). All hours paid in a pay period are credited toward retirement membership eligibility.

After accruing one thousand (1,000) hours in a fiscal year, a portion of each employee's monthly pay is deducted and put into the retirement fund. In addition, the State contributes an amount on an employee's behalf each month according to a formula.

H. Each-The department will establish a date by which its PIEs shall receive their regular pay.

I. All remaining conditions of employment that relate to the employee shall be administered in accordance with applicable rules and regulations, unless modified by this MOU.

J. Change in Time Base to Full-Time

1. To be considered for a change in time base, the PIE must:
  - a. Be eligible for a change in time base pursuant to SPB Rule 277, or be reachable on the CO eligibility list; **and**
  - b. Have a satisfactory performance evaluation for the prior six (6) month period or term of service, whichever is shortest. Satisfactory performance is an overall average of standard or above on the employee's most recent performance evaluation.
2. Once eligibility is determined, appointments to full-time positions will be made in accordance with Bargaining Unit 6 Institutional Seniority. Tie breakers shall be made in the following order:
  - a. Total Bargaining Unit 6 Seniority;

- b. Score on CO Eligibility List;
  - c. Last four digits of the Social Security Number (ascending order).
- K. The number of PIEs in the classification of CO at each institution in [CDC Adult](#) as a general rule, will not exceed twelve percent (12%) of the institutions' budgetarily-authorized CO position count. The cap may be exceeded, upon discussion with the local CCPOA Chapter President due to the following:
  - 1. Change in status is requested by employee in writing and approved by the Appointing Authority to go from Permanent Full-Time to Permanent Intermittent.
  - 2. When a PIE has requested in writing and has been approved by the Appointing Authority to work less than the full number of hours available to all PIEs at the institution. This exception applies when the employee works less than one hundred (100) hours.
  - 3. Where the institution is authorized to conduct an activity or program and has been funded for said activity or program in lieu of PYs. In most instances this would be a temporary situation pending submittal and approval of a Budget Change Proposal.
  - 4. Assignment of PIEs from the Academy when: (a) the PIE was not requested by the Appointing Authority, or (b) the PIE was requested but the need for the PIE no longer exists.
  - 5. Where a deactivation has occurred resulting in an overage of Permanent Full-Time Employees.
  - 6. A PIE who has declined an offer of full-time employment may not be included as an exception as it applies to K. 1., and K. 4., above.

No PIE shall be subject to an involuntary transfer or layoff as a result of implementation of this section.

Where the cap has been exceeded and the reason for it no longer exists, the institution will meet with the local CCPOA Chapter President to discuss a plan to return to the authorized level.

Disputes concerning this section shall first be brought to the attention of the Warden or designee within ten (10) calendar days of having knowledge of the alleged violation. After a face-to-face meeting with the Warden, the Warden will respond to the local Chapter President within ten (10) calendar days.

If not satisfied with the Warden's response, the matter may be appealed to the [Regional Administrator Associate Director](#) within five (5) calendar days of receipt of the response. The [Regional Administrator Associate Director](#) shall review all appeals at a monthly meeting, if requested by the Union. Otherwise the [Regional Administrator Associate Director](#) shall respond to the Union within ten (10) calendar days of receipt of the appeal.

If not satisfied with the response of the [Regional Administrator Associate Director](#), the Union may appeal to the [Director Secretary](#) as the final level of appeal via the [Chief Deputy Director](#) within ten (10) calendar days of receipt of the response. The [Director Secretary](#) has the right to determine the remedy should there be a determination that a violation has occurred.

The established timelines may be extended by mutual agreement of the parties.

Any modification of the statewide cap in this section is subject to the notification process in accordance with Section 27.01, Entire Agreement.

#### MASTER LIST OF INSTITUTIONS FOR NUMBERING OF GRIEVANCES

Upon the filing of the written grievance, the institution shall assign the grievance a number in the following fashion: The year (e.g., 92 for the year 1992) - a letter symbolizing the appropriate CCPOA office (e.g., Avenal would assign a "C" for CCPOA's Central Office in Fresno) - the institution or parole region by number (see the attached number assignments) - and the number of the grievance at that institution in order of filing (e.g., the first grievance filed at that institution would be assigned #1, the second grievance filed at that institution would be assigned #2). For example, the first written grievance filed at Avenal State Prison in 1992 would be assigned the following number: 92-C-1-1. This same number shall follow the grievance throughout the grievance and arbitration process.

## **SIDELETTER #4 — Regarding 10.02 And 15.12 — 998 Agreement**

- The STD Form 634, Time Worked Report, will no longer be used at CDCR and the CDC Form 998A will be used in its place.
- Employees whose attendance is captured by the PPAS system will be issued on payday a computer generated CDC Form 998A, attached to their pay warrant for each pay period. Employees will submit the fully executed form, including any supporting documentation necessary, to the PPAS Timekeeper by payday or no later than close of business the third working day of the following pay period. An employee is only required to post and submit the CDC form 998A to the PPAS Timekeeper when the employee has used any of the following leave credits:

Bereavement Leave*	Catastrophic Time Recipient
Extended Military Leave*	Jury Duty*
Military Leave*	Non-Industrial Leave
Sick Leave (Self)	Sick Leave (Death)*
Sick Leave (Family)	Subpoenaed Witness**
On Workers Compensation	Any other Leave Credits used in Lieu of sick leave

\* Must include supporting document with the CDC Form 998A

\*\* Only for non-party or non-State subpoenaed witness

The computer generated CDC Form 998A will display only the last four digits of the employee's social security number.

- Employees whose attendance is not captured on the PPAS, such as Correctional Counselor Is and IIs (Spec), MTAs, and Firefighters are required to manually complete a CDC Form 998A for all leave credits used and/or for all additional hours worked during the pay period. Employees will submit the fully executed form to Personnel by payday or no later than close of business the third working day of the following pay period. Upon inclusion of a new classification into the PPAS system, employees will comply with the agreement outlined for the automated CDC Form 998A.
- In instances where the employee fails to comply with the requirements outlined above, the CDCR may initiate the Accounts Receivable procedures outlined in Section 15.12, Overpayment/Payroll Errors, of the Bargaining Unit 6 Memorandum of Understanding on or after the fifth working day of the new pay period.
- It is agreed that when employees have insufficient leave credits to cover an absence, CDC may charge off the leave in the following order without prior notification to the employee:

Insufficient Sick Leave	Holiday, Vacation, PLP, Excess, then Dock
Insufficient Vacation	Holiday, PLP, Excess, then Dock
Insufficient Holiday	Vacation, PLP, Excess, then Dock
Insufficient Excess	Holiday, Vacation, PLP, then Dock

~~CDC will provide a post notification to the employee informing them of the leave deduction.~~

- ~~It is agreed that if in the future any problems arise regarding the implementation of the CDC 998A, the bargaining table will reconvene in order to bring resolution to the problem.~~

The implementation of the State Controller's Office 21<sup>st</sup> Century project (new payroll system) may have an effect on this sideletter. It is agreed that should implementation of the 21<sup>st</sup> Century project conflict with this sideletter, this sideletter will no longer be applicable.

**SIDELETTER #19 REGARDING 12.04 CDC ~~Adult~~/PAROLE AND COMMUNITY SERVICES DIVISION (P&CSD) DIVISION OF ADULT PAROLE OPERATIONS (DAPO) TRANSFERS**

- A. For the purpose of filling vacant Revocation, Reentry, USINS, and field Parole Agent (PA) I/II positions by lateral transfer, agents may permanently request to transfer to another location, within the employee's department and classification. A vacancy exists when a position needs to be filled. If the vacant position is not assigned to a specific region, it shall be assigned to the region where the work site is located.
- B. Each region shall maintain a list of Parole Agents who are requesting to transfer to an assignment in the receiving region. Agents will submit their transfer request utilizing a CDC 923 form, which will include their location preference by Unit. Transfer requests will be kept on file between July 1 and June 30 of the following year, with continuous filing available. The employee's written requests shall be placed in seniority order with those of others who have similarly filed a request to the same position at the same location. The Appointing Authority or Designee shall provide the employee submitting a request for transfer with an acknowledgment of receipt of the transfer request. Employee transfer requests shall be kept on file at the location through June 30 of each fiscal year or removed earlier at the request of the employee. At the request of the CCPOA Chapter President, the BU 6 seniority request for transfer list will be furnished to the Chapter President or the Regional Representative. During the bid month, vacancies will be filled in the following manner: One vacancy will be filled by BU 6 seniority in accordance with the ERT process. The next vacancy will be filled at management's discretion, etc.
- C. The bid process is a bi-annual bid during the months of March and September commencing March 2002. Effective January 2003, the bid process shall be quarterly. The eligible bid months shall be January, April, July and October. The bid process will continue with quarterly bid months.
- D. The Department shall provide the Parole Agent with the most BU 6 seniority on the transfer list with written notification of all available vacant Parole Agent positions within the region for which he/she has expressed interest. The Unit 6 employee shall have up to two (2) workdays to respond from the date the offer was personally received.
- E. The State shall provide documentation confirming the most senior BU 6 employee has accepted an offered position.
- F. Once a Parole Agent has successfully received a lateral transfer utilizing this process, the PA shall be exempt from this process until twenty-four (24) months after their appointment date.
- G. No apprentices will be allowed to participate in this process.
- H. If there is no interest in vacant positions by employees utilizing BU 6 seniority, management shall fill the vacancy by existing rules, policies and practices. The next vacancy will be offered utilizing BU 6 seniority.

- I. Employees eligible to participate in this process will be approved unless there is clear evidence that such a transfer would be adverse to the best interest of the Department, for example, such as an overall unsatisfactory performance evaluation within twelve (12) months of a transfer offer or an adverse action given within the last three (3) years of a transfer offer. If an employee is not approved for transfer, he/she must be informed in writing within fifteen (15) calendar days of the specific reasons for said denial.
- J. Selected employees shall have a report date for their new assignment which will be not more than thirty (30) calendar days from their notification date.
- K. Parole Agents successful in their bid for a lateral transfer shall not be entitled to any relocation and/or travel expenses.
- L. Nothing in this section precludes management from transferring employees for safety, security or legitimate operational reasons.
